OLD FORGE BOROUGH COUNCIL
OLD FORGE, PENNSYLVANIA

IN RE: COUNCIL WORK SESSION

SEPTEMBER 2, 2025
7:00 P.M.

OLD FORGE MUNICIPAL BUILDING
314 SOUTH MAIN STREET
OLD FORGE, PENNSYLVANIA

COUNCIL MEMBERS:

- RUSSELL RINALDI, COUNCIL PRESIDENT
- JAMES HOOVER, VICE-PRESIDENT
- ANDREW BUTLER
- MICHAEL KOMENSKY
- ALLISON MCCAWLEY
- DALE MIKOLACZYK
- WILLIAM RINALDI, ESQUIRE, SOLICITOR
- MARYLYNN BARTOLETTI, BOROUGH MANAGER
- ROBERT LEGG, MAYOR

Mark Wozniak
Official Court Reporter

1 MR. RUSSELL RINALDI: Good evening,
2 ladies and gentlemen. I'd like to call the
3 work session to order with the Pledge of
4 Allegiance.

5 (The Pledge of Allegiance was
6 recited.)

7 MR. RUSSELL RINALDI: Roll, call,
8 please, Marylynn.

9 MS. BARTOLETTI: Councilman
10 Mikolaczyk?

11 MR. MIKOLACZYK: Here.

12 MS. BARTOLETTI: Councilwoman
13 McCawley?

14 MS. MCCAWLEY: Here.

15 MS. BARTOLETTI: Councilman
16 Komensky?

17 MR. KOMENSKY: Here.

18 MS. BARTOLETTI: Councilman Lettieri
19 is absent. Councilman Butler?

20 MR. BUTLER: Here.

21 MS. BARTOLETTI: Councilman Hoover?

22 MR. HOOVER: Here.

23 MS. BARTOLETTI: Councilman Rinaldi?

24 MR. RUSSELL RINALDI: Here. Once
25 again, ladies and gentlemen, welcome to the

1 public work session of Old Forge Borough.
2 Tonight is Tuesday, September 2nd. The
3 purpose of the meeting will be to set the
4 agenda for our regular meeting which will be
5 September 16th at 7 p.m.

6 Before we go into our regular
7 business of our work section the mayor has
8 somebody from our borough that he would like
9 to recognize, then we'll get back into our
10 regular meeting.

11 MAYOR LEGG: If you don't know this
12 gentleman, Mike Bartoletti, if the last name
13 sounds familiar it should because his
14 sweetheart is sitting over there. Mike
15 recently won his 400th game as head baseball
16 coach at the University of Scranton, which
17 is an accomplishment in and of itself. From
18 what I've gathered you won 123 games when
19 you were the coach at Lackawanna. Is that
20 true?

21 MR. BARTOLETTI: Yes.

22 MAYOR LEGG: So 523 wins. I don't
23 care if you're playing Little Sisters of the
24 Poor. That's a heck of an accomplishment.
25 I'm sure you get good players. I'm sure

1 they have good morals, principles and values
2 like you have and that's what makes a
3 successful story.

4 I have a little something I'd like
5 to present to you. I wanted -- and by the
6 way, I approached your wife and asked her if
7 I could do this. She didn't approach me.
8 If anybody says anything, you tell them come
9 see me.

10 This award is presented to Mike
11 Bartoletti, head baseball coach of the
12 University of Scranton, in recognition of
13 his 400th coaching victory which came
14 against Susquehanna on March 30th of this
15 year. Congratulations.

16 MR. BARTOLETTI: Thank you very
17 much. First of all, I want to thank council
18 and Mayor Legg for this recognition. You
19 know, it's a labor a love, obviously, what I
20 do. I work with a great University, a great
21 sport, really good players, and the whole
22 network around the program is very good.
23 Again, I think everybody knows that without
24 my wife I probably wouldn't be standing here
25 at this time. She's behind me, she supports

1 me. I'm out of the house countless hours.
2 Again, it starts with her and she's the
3 foundation and everything.

4 MAYOR LEGG: You're a lucky man.

5 MR. BARTOLETTI: Again, I want to
6 thank everybody and I appreciate the award.
7 Thank you.

8 MR. RUSSELL RINALDI: Mike, once
9 again congratulations. We're going to begin
10 the work session. We're going to start
11 first with our DPW manager, Joe Lencieski.
12 Joe, anything for this evening or the agenda
13 coming up?

14 MR. LENCESKI: Nothing.

15 MR. RUSSELL RINALDI: Any members
16 have any questions for Joe?

17 MAYOR LEGG: Thanks for checking
18 that out for me today. Yesterday was a
19 holiday. People expect business as usual.
20 Give us a break. Thank you.

21 MR. MIKOLACZYK: Thanks for checking
22 the list as well that I sent the last time.
23 Thanks for checking out Amity and Winter,
24 and the Angela Drive thing, too.

25 MR. HOOVER: In front of Jonathan's

1 house, the swale. It looks like an asphalt
2 swale. That first alley going down Dunn.
3 Denise Domiano.

4 MR. LENCESKI: There's one house on
5 it.

6 MR. HOOVER: Right there across the
7 street, the gutter. It looks like the water
8 is eating the asphalt away, a little swale.

9 MR. LENCESKI: I had subsidence up
10 the street from there last week.

11 MR. HOOVER: It seems like one
12 section, about 200 feet. The water seems to
13 be getting under the road.

14 MR. LENCESKI: There is a storm
15 water line that runs in that area. I'll get
16 Mike Ford to camera it.

17 MR. HOOVER: I guess there's a joint
18 missing and water's getting outside the
19 pipe, creating that swale. You'll see it.
20 It goes right to the catch basin. Then one
21 on Maple. Maybe we should One Call that one
22 on Maple because the water company just did
23 a water project there.

24 MR. LENCESKI: Okay.

25 MR. BUTLER: East Grace Street, the

1 cars were falling in that hole. Some guy
2 bottomed out last Friday.

3 MR. LENCESKI: I'll send Mike Ford
4 out every opportunity that he has. He
5 cameras lines, he's been sucking out storm
6 water catch basins. He's been nonstop for
7 us.

8 MR. RUSSELL RINALDI: Truck's been
9 all over the place. Any members have
10 anything for Joe? Joe, thank you.

11 Dave Lopatka, engineer, anything for
12 this evening or for the agenda?

13 MR. LOPATKA: Just to reiterate on
14 Pagnotti Park, I will call Linde. I did
15 talk to them a week and a half ago. They're
16 supposed to get me a schedule when they're
17 supposed to be getting started. I will push
18 them and make sure they get started soon.

19 I've been going back and forth with
20 Hoffman Construction for the electrical,
21 approving submittals. They've been sending
22 in submittals for the pole bases and some
23 other stuff that has to go along with the
24 lighting project. Once he gets that -- he
25 ordered everything. There was some time

1 delay in getting some of that equipment. So
2 he did order it and we've been approving the
3 submittals. He should be getting started
4 soon as well.

5 The cost estimate for those couple
6 projects, I'll send it to Marylynn. We do
7 have them. Just so you guys have them
8 before the next meeting.

9 Other than that, I don't have
10 anything for the meeting itself.

11 MR. RUSSELL RINALDI: Any members
12 have any questions for Dave?

13 MR. KOMENSKY: Dave?

14 MR. LOPATKA: I knew that one was
15 coming. So we called a few different
16 architects. We don't have an architect
17 in-house for that. I don't really trust a
18 couple of the locals to do that, so we have
19 two people that we have in mind. Once we
20 get them we'll get a layout together, we'll
21 get the structural side and the NBT stuff.
22 The NBT stuff and the structural side we can
23 do in-house. We just need kind of the
24 layout from the architect. So we should
25 have that soon. Once we have that we'll put

1 together what we need to put together to get
2 a cost estimate together so Marylynn has a
3 plan and a cost estimate so if there's any
4 grants --

5 MR. KOMENSKY: We need to go back
6 down there and relook at that gate
7 situation.

8 MR. HOOVER: We have to.

9 MR. KOMENSKY: Can we meet down
10 there?

11 MR. LOPATKA: Call me and schedule
12 it to get something on the calendar and I'll
13 come down.

14 MR. HOOVER: Everybody knows what
15 we're spending to haul trees and bushes and
16 it's crazy. It's not just Old Forge people.
17 It's everybody else. People are doing yard
18 work, they're getting paid to put it on
19 their truck and they're bringing it to us
20 and they're dropping it free of charge. I
21 understand you can't have someone there
22 24/7. You can't look at the cameras 24/7.
23 I was down there the other day and there was
24 two guys there from Moosic with pickup
25 trucks filled with stuff. Everybody knows

1 what we're paying to get rid of it. It's
2 twice a week, almost.

3 MR. LENCESKI: Definitely one a
4 week.

5 MR. HOOVER: That's a lot of money
6 the borough's putting out for people that
7 are getting paid to put trees in.

8 MR. LOPATKA: We have to kind of
9 brainstorm on that. Some kind of gate or
10 something that everybody doesn't have a code
11 to a gate to get in.

12 MR. LENCESKI: I'd be interested in
13 a fob gate.

14 MR. LOPATKA: Who has the fob?

15 MR. LENCESKI: DPW workers.

16 MR. LOPATKA: If you don't have
17 somebody to open the gate you can't get in.

18 MR. HOOVER: That's what I want to
19 happen.

20 MR. LENCESKI: The engineer that
21 gave the class, he was also an engineer for
22 his own borough. Through a grant what they
23 did was they had a primary gate and a
24 secondary gate. The primary gate they
25 allowed yard waste in, access to that area.

1 Then they had to come and purchase a fob
2 from the borough. Therefore, they knew who
3 was coming in the area. Then the secondary
4 gate would only allow the DPW crew, park and
5 rec crew to get into the area of our garage,
6 where the compactor is, our trash can,
7 everything else.

8 MR. HOOVER: Everybody's cutting
9 bushes and trees down. I went by it wasn't
10 too bad. I come back two days later it was
11 almost filled.

12 MR. LOPATKA: You guys fill the
13 dumpsters?

14 MR. LENCESKI: We use the backhoe
15 and we fill a four yard dumpster.

16 MR. RUSSELL RINALDI: Joe, the first
17 gate residents get fobs that were purchased
18 and allowed to go in and drop it, and then
19 after that would be the gate for staff?

20 MR. LENCESKI: Yes.

21 MR. RUSSELL RINALDI: Good idea.

22 MR. KOMENSKY: We have to go back
23 down there with Dave. We did talk about
24 that. Right?

25 MR. HOOVER: We'd have to put the

1 gate almost 30 feet from the first gate
2 that's there, at our property line so that
3 they know enough not -- they can't dump on
4 the other guy's property.

5 MR. LOPATKA: We can definitely look
6 at that.

7 MR. KOMENSKY: We'll let you know.

8 MR. HOOVER: Put a fence there with
9 a gate and a camera. We have to come up
10 with something because it's not cost
11 effective to have everybody else dumping
12 there. It's hard to keep up with them.

13 MR. LENCESKI: The occurrence down
14 at Miles Street, I can spend a couple hours
15 trying to find out when the situation
16 occurred.

17 MR. RUSSELL RINALDI: Unless you
18 know the exact date and time something might
19 happen you can go back, but to review it all
20 it's hard.

21 MR. LENCESKI: We found a lot of
22 people illegally dumping in our dumpster.
23 We still have pictures of what was
24 vandalized at Miles Street. It's tough to
25 pinpoint what happened at that one,

1 obviously.

2 MR. HOOVER: Spending a lot of
3 useless money for something that we can fix,
4 I think.

5 MR. LENCESKI: It's definitely a
6 great investment in the long haul.

7 MR. HOOVER: People get the hint
8 they can't dump there no more. I was hoping
9 it would be just for the borough. How many
10 days a week do we pick up yard waste?

11 MR. LENCESKI: Thursdays and
12 Fridays.

13 MR. HOOVER: Eight days a month.
14 Think it should just be for the borough.

15 MR. RUSSELL RINALDI: Bright lights,
16 a camera and a sign that says you're on
17 camera, it's going to cut it down 90
18 percent.

19 MR. LENCESKI: I have cameras, I
20 have a sign that says "smile, you're on
21 camera."

22 MR. HOOVER: The guy was pretty
23 shrewd. He didn't even go in. He just went
24 in the gate, backed up over stuff that was
25 already there and just jumped out, threw it

1 off. He was there five minutes and he had a
2 full truck.

3 MR. RUSSELL RINALDI: At nighttime
4 Replica already has some bright lights there
5 which really keeps that area lit up. But
6 with our own equipment there that would
7 definitely make things a lot better.

8 MR. HOOVER: In the meantime just
9 have to keep locking the gate. I know it's
10 a pain in the butt. Just keep locking the
11 gate.

12 MR. LENCESKI: We park the one
13 explorer to stop people from dumping on
14 the --

15 MR. RUSSELL RINALDI: Mixed in with
16 the gravel and the patch and the grass gets
17 all mixed in.

18 MR. KOMENSKY: That's all.

19 MR. HOOVER: We really have to do
20 something.

21 MR. LOPATKA: Give me a call, we'll
22 finalize that. Will figure out what we need
23 to do.

24 MR. RUSSELL RINALDI: Any other
25 members have any questions for the engineer?

1 Thanks, Dave.

2 Jason Dubernas, Chief, good evening.
3 Anything for this evening or for the
4 upcoming agenda?

5 CHIEF DUBERNAS: Nothing. The only
6 thing, I sent out to you guys this afternoon
7 about the incident at the park, a group of
8 nine juveniles. Other than that, that it's.

9 MR. RUSSELL RINALDI: Do any members
10 have any questions for the chief? Thanks,
11 Chief.

12 Assistant fire chief, Bill Stull,
13 anything for tonight or for the upcoming
14 agenda?

15 MR. STULL: Nothing at all.

16 MR. RUSSELL RINALDI: Any members
17 have any questions for Bill? Thanks, Bill.
18 Before we go down the table we'll go to
19 public comment. Stephen Doherty? Good
20 evening.

21 MR. DOHERTY: I'd like to complain
22 about the light pole that we just got put on
23 Winter Street. It's the third light pole on
24 that side around our house. It's shining
25 right in our room. I looked through the

1 minutes from the last couple months and I
2 couldn't find any public comment about when
3 this was going on or when it was discussed.
4 We never got any kind of notice or anything
5 that this was going on. We didn't have a
6 chance to object to it or say anything about
7 it. The first notice we had anything about
8 it when it was going in the ground.

9 It's shining right on the whole
10 front of our house. It's really annoying.
11 I don't know if you can do something about
12 it.

13 MR. RUSSELL RINALDI: The only thing
14 I can tell you, the public comment that was
15 addressed, I think it was addressed by six
16 or seven residents last year, around
17 December. They came to a meeting. They
18 were asking to install a streetlight over
19 there because it was dark. They asked us
20 about doing something with the intersection
21 over there. That was the initiative that I
22 can remember. Correct me if I'm wrong.
23 That's when I remember everything began
24 taking place over there. I would say --
25 don't quote me --

1 MS. BARTOLETTI: It was first
2 discussed in November. The first meeting
3 was November of last year. I can give you
4 copies. There's a couple different dates
5 that it was brought up. It was a small
6 discussion about it.

7 MR. RUSSELL RINALDI: Getting back
8 to it, Steve, there wouldn't have been any
9 vote on it. It was just a collective
10 decision that we authorized the borough
11 manager and DPW manager to go ahead and
12 order the light because it falls under the
13 threshold, correct, of us sending it out to
14 bid? So the items or projects that cost
15 above \$12,600 we have to write resolutions
16 for and vote on. Anything under that we can
17 authorize the borough manager to move
18 forward with. I think the light came to
19 around -- how much?

20 MS. BARTOLETTI: I think the one
21 part of it was just under \$3,000, then the
22 monthly cost of an extra light.

23 MR. RUSSELL RINALDI: So in the
24 minutes you would have to go back or we can
25 get you them. The last time we discussed

1 it, I think, at a meeting was -- I'm looking
2 at you, Joe -- I want to say around June?

3 MS. BARTOLETTI: It was discussed in
4 May.

5 MR. RUSSELL RINALDI: And we were
6 waiting to hear back from PPL when they were
7 going to give us an estimated date when they
8 were going to come out.

9 But getting back to the light in
10 your --

11 MR. DOHERTY: It's shining in the
12 second floor of the house.

13 MR. RUSSELL RINALDI: We were
14 supposed to contact PPL to come back and
15 adjust it. Did they come back?

16 MR. LENCESKI: Those lights are
17 patterned every three houses going down the
18 street, then there wasn't a light until the
19 corner of Albion.

20 MR. DOHERTY: There is one right on
21 the other side. Now you have two lights on
22 both ends of the intersection on either side
23 of my house.

24 MR. LENCESKI: The closest one would
25 be --

1 MR. DOHERTY: Nicholas.

2 MR. LENCESKI: After the meeting
3 I'll go there.

4 MS. BARTOLETTI: After I got the
5 information from Steve and I sent it out to
6 all of you just so you'd be aware of it,
7 then Joe and I checked on it. We were there
8 again today just trying to get an idea of
9 where it is and where all the other lights
10 are. Is it overkill, is it just the way
11 it's facing or whatever. I know, Councilman
12 Butler, you had brought up about trying to
13 put a cover on it or something. It's not
14 that type of light, so we're going to call
15 them and ask them if they could just try to
16 adjust it a little bit.

17 MR. RUSSELL RINALDI: Marylynn made
18 us aware about two weeks ago. When you're
19 driving past it, when I looked at it -- and
20 I'm no light expert -- it seemed that the
21 light was up. When I looked at it, it was a
22 little bright. So I think when PPL goes
23 there and they adjust it it should be okay.
24 It seems like it has to come down a little
25 bit just when you're driving by. Then, when

1 I was driving past those other lights, you
2 looked up at those they're not piercing your
3 eye. This one seems to be pointed up a
4 little bit. Again, I could be wrong, so
5 we'll until PPL gets there.

6 MR. DOHERTY: You're definitely
7 right.

8 MR. RUSSELL RINALDI: So once they
9 get there hopefully they can get it
10 straightened out. I'm sure they will. Just
11 call the borough office. They'll get you
12 what you need. Anything else?

13 MR. DOHERTY: That's it.

14 MR. RUSSELL RINALDI: Ann Smicherko?

15 MS. SMICHERKO: Well, I came about
16 another reason, but since we're bringing up
17 the light thank you all for putting that in
18 there. It was pitch black in front of my
19 house and the light on Nicholas doesn't
20 shine over our way. I would have preferred
21 to have the pole put in your yard. It's in
22 my yard. It's wonderful and I'm sure the
23 Halloweeners will be thrilled this year.
24 That was a safety issue back in November.

25 Also, how we're doing on Nicholas.

1 That draft was done November 26th that you
2 did for our street, and Jimmy was around
3 remeasuring just out of the blue and just
4 checking things out. So if you can tell me
5 how that's going and what we're doing. The
6 buses are already coming by and the cars are
7 still zipping through that area.

8 MR. HOOVER: I went there with a
9 piece of yellow chalk --

10 MS. SMICHERKO: I know when you
11 first did the plan it was going to block
12 everybody's driveways, so it was supposedly
13 going to be redone and I haven't heard
14 anything since.

15 MR. LOPATKA: There were two
16 versions.

17 MS. SMICHERKO: I thought it was
18 decided on the one in the middle. Looking
19 at the other one there is a sewer drain
20 there. You won't be able to go over it.
21 That would be their property that you would
22 be going over if you did put that over
23 there.

24 MR. HOOVER: That intersection from
25 where you make the right you have to stay 40

1 feet off the curb because people park their
2 cars -- those houses that are there, people
3 park their cars there. That's 18 to 20
4 feet. That's not when they have something
5 going on at their house. They park in the
6 street, next to the curb. So now you have
7 to be 20 feet away from that to put a car.
8 You put it 20 feet away from that, I put
9 some yellow marks down 20 feet off the curb.

10 Then when I go from the other side
11 of the curb, next to their house -- their
12 driveway is on the corner. If I go 40 feet
13 it brings me six feet away from the opposite
14 curb. So you can't put an island in front
15 of their driveway for at least 40 feet.
16 They have to back out of their driveway.
17 You're very close to the intersection.

18 All it's going to be doing is just a
19 diamond. It's going to be very small. The
20 curb at Barsigian's and the curb at their
21 house, it's going to be very small. It's
22 not going to be as big as we thought it was
23 going to be because of the parking people
24 have there, plus the bus goes through there
25 and the bus isn't going to make it at 20

1 feet if there's a car parked there. You
2 cannot be taking away from in front of these
3 people's houses.

4 MS. SMICHERKO: The bus that goes
5 through there now has no problem.

6 MR. HOOVER: Because there's nothing
7 there. If we put some kind of island or
8 something in the middle, if there's cars
9 parked there in front of their houses and
10 they go through there it's not going to be
11 enough room for the bus to go through, and
12 their driveway is right there. This all has
13 to be laid out. There's 40 feet off the one
14 side where the houses are, parked car, the
15 middle lane so the bus can get through.

16 MS. SMICHERKO: This is what he's
17 talking about. Originally you came up with
18 this. It doesn't have to go all the way up
19 there and it doesn't have to be cement. Why
20 can't we temporarily do spray paint?

21 MR. HOOVER: We're going to just
22 spray paint it temporarily, see how it
23 looks.

24 MS. SMICHERKO: Then maybe
25 eventually do something inside that other

1 area. We're still having trouble with cars
2 crossing over, shooting out in front of the
3 street.

4 MR. HOOVER: It's not something
5 that's easy to do. Then you have people
6 across the street you have to worry about,
7 the Colarusso side, where they come out with
8 their car.

9 MS. SMICHERKO: There's a lot of
10 room for Colarusso. That's Winter Street.

11 MR. HOOVER: Where they park their
12 car in front of their house. Not the
13 driveway.

14 MS. SMICHERKO: We all park in front
15 of our houses.

16 MR. HOOVER: It's 20 feet. So then
17 you only have 21 feet to the curb on the
18 opposite side of the road. It's something
19 that we can do, but I don't know --

20 MS. SMICHERKO: Parking on one side
21 only.

22 MR. HOOVER: I don't know if I want
23 to paint the whole road.

24 MR. LOPATKA: Let me take another
25 shot at it. When this was done I was under

1 the impression that everybody parks in their
2 driveways. If there's cars parking on the
3 road we'll have to adjust it a little bit.

4 MS. SMICHERKO: There always was.

5 MR. HOOVER: People's cars are
6 parked in front of their house.

7 MR. BUTLER: That shrinks the lane
8 that the bus can pull into now. Once
9 there's a car there, you put a cement thing
10 there how is that bus going to make that
11 turn to get in there? You have a 40 foot
12 bus.

13 MS. SMICHERKO: How about if we
14 spray paint first and see.

15 MR. KOMENSKY: How about before we
16 do anything we make sure we have a public
17 meeting, because I'm hearing from the rest
18 of the neighbors that they don't want it and
19 I got, like, lambasted from people.

20 MS. SMICHERKO: That's such a safety
21 issue there with that stop sign.

22 MR. HOOVER: If they would follow
23 directions where the stop sign is. If you
24 bear to the right the stop sign is right
25 there. You have to stop to make the left.

1 MR. KOMENSKY: What I'm saying is we
2 want to get everybody together so everybody
3 is in agreement.

4 MR. MIKOLACZYK: When I posted what
5 you said I got a lot of blow back from the
6 people in the development saying you're not
7 going to make this a raceway by painting all
8 these diagonal lines. So to cordon that
9 off --

10 MS. SMICHERKO: Well, it's a raceway
11 now.

12 MR. MIKOLACZYK: I understand that,
13 but this is going to be something that's
14 going to come to remove. This is like the
15 entrance to that development. This is like
16 the entry. This is a classy place. You're
17 going to put diagonal paint lines all over
18 the place -- the best thing is to have a
19 public meeting to see if the other people in
20 the development are going to go along with
21 this. I'm telling you what you need to
22 know, not what you want to hear.

23 MS. SMICHERKO: You have Dunbar's.
24 This is all concrete. Not causing no
25 trouble.

1 MR. KOMENSKY: Which street is
2 Dunbar?

3 MS. SMICHERKO: Where you go into
4 the development.

5 MR. KOMENSKY: If it's Dunbar's
6 development, then it's George Dunbar's
7 roads. They don't belong to us.

8 MS. SMICHERKO: This was the
9 original plan from our architect there.
10 They were saying this was going to be all
11 concrete.

12 MR. MIKOLACZYK: This is what you
13 sent me.

14 MS. SMICHERKO: This could be, right
15 now, temporary just to see how it works. If
16 it does stop people from shooting out there.
17 It wouldn't affect their driving lanes.

18 MR. MIKOLACZYK: Do you think the
19 people around the development are going to
20 support this change? That's the question.

21 MS. SMICHERKO: They just told me
22 we're not opposed. That's the public part.
23 This is going since November.

24 MR. RUSSEL RINALDI: I have a couple
25 things to say. This was the first time, I

1 think, the Dohertys have been here to hear
2 anything about this. So just to give you a
3 little history and just to refresh everybody
4 here -- and again, always correct me if I'm
5 wrong. When you came here in November with
6 a few of the residents --

7 MS. SMICHERKO: Actually before that
8 because the architect we had for the
9 November meeting, this is dated that he was
10 out there previously.

11 MS. BARTOLETTI: Because you called
12 in.

13 MR. RUSSEL RINALDI: You came to a
14 meeting with a few people. You came with a
15 few residents.

16 MS. BARTOLETTI: That was November
17 12th.

18 MR. RUSSELL RINALDI: So I'm just
19 going to say around that time it started.
20 We asked the engineer to look at it. Gave
21 us two options. The first option was an
22 island in the middle. Second option would
23 be --

24 MR. LOPATKA: Smaller with the
25 paint.

1 MR. RUSSELL RINALDI: It was
2 actually the Dohertys were going to be given
3 a bigger yard. Correct?

4 MR. LOPATKA: Yes.

5 MR. RUSSELL RINALDI: It was coming
6 off his yard and it was just going to be two
7 lanes. There would be a lane out and a lane
8 in. So Mr. Doherty's yard would actually be
9 just bigger. Then that would just create
10 two lanes.

11 But then the other option was --

12 MS. SMICHERKO: Why don't we do
13 that?

14 MR. RUSSELL RINALDI: I don't know
15 about either one of them yet, but I'll get
16 to that. The second option was an island in
17 the middle where they would come up and the
18 lane would only enter in from Winter and out
19 from Nicholas. Veer right and then make a
20 left. You would veer right in front of
21 Mr. Doherty's -- the side of his yard, where
22 you're supposed to now, and then you would
23 go left. But the other way would only enter
24 in. There would be do not enter signs going
25 out. It's just a free-for-all now. No

1 one's paying attention.

2 So then we asked Dave to look at it.
3 He went out there. I think you were there
4 once. We were there, Dave was there. We
5 just looked at it just to get some ideas.
6 Then we threw it around a couple times, then
7 we talked to Joe. We mentioned about going
8 out and spray paint just to get a look.

9 Now with other residents involved --
10 which we should have done in the beginning.
11 We should have held a public meeting.

12 MS. SMICHERKO: I have spoken to
13 them.

14 MR. RUSSELL RINALDI: This is
15 council. Council should have put it out to
16 the public that we're going to hold a
17 meeting. We can send letters, invite them.
18 If they don't want to show up at the meeting
19 that's going to be their choice. But we
20 give them the courtesy of an invite to talk
21 about it.

22 I can only speak for myself sitting
23 here. Something definitely needs to be done
24 there. I don't know if it's an island, I
25 don't know if -- Mr. Doherty, please don't

1 take this as my final decision. I don't
2 know if it's extending his yard.
3 Councilwoman McCawley just came up with a
4 great idea.

5 MS. MCCAWLEY: When you go to Dunkin
6 Donuts --

7 MR. RUSSELL RINALDI: Concrete
8 barrier. This wouldn't be anywhere near
9 your driveway.

10 MS. SMICHERKO: You can't do speed
11 bumps.

12 MR. MIKOLACZYK: You can drive over
13 it but you're not supposed to. It's a
14 triangular concrete island.

15 MR. RUSSELL RINALDI: But it's only
16 about six inches high. It hopefully gives
17 the traveler the sense to be, like, you
18 should go right, you should go straight.
19 Don't drive over.

20 MS. SMICHERKO: Well, that's what I
21 said to Dale about in Dunbar's.

22 MR. MIKOLACZYK: It's still called a
23 mountable curb even though it's flush with
24 the road.

25 MR. RUSSELL RINALDI: Maybe

1 something like that is a good idea, but this
2 would be my thing. If council wants to do
3 it I'm fine with it. If you would like just
4 for now and if council would be okay we can
5 ask Joe to go out and spray paint it to just
6 get an idea of it. I'm okay with it.

7 MR. HOOVER: Something has to be
8 done here but I don't know what it is,
9 because now you're going to talk about the
10 bus is going to stop at that stop sign where
11 it is now and you're putting an island to
12 the left of that bus so the bus would go to
13 that stop sign. The bus isn't going to be
14 able to make the left-hand turn if there's a
15 car parked in front of Donoti's old house.
16 If you have a car parked in the street in
17 front of your house, if a car parked in
18 front of Donoti's house that bus can't make
19 the left-hand turn because that island is
20 going to be at his rear end and the front
21 end is going it be in the parking lane, the
22 bus is so big.

23 MR. MIKOLACZYK: It cuts down the
24 space to make the turn.

25 MR. HOOVER: It's not something that

1 can be really -- you really have to think
2 about it. You have to take the
3 measurements. He's going to plot it out.

4 MR. LOPATKA: I can take another
5 look at it.

6 MR. BUTLER: Nobody's going to
7 listen to it. They're going to drive right
8 over the paint.

9 MR. HOOVER: Something has to be
10 done, but Dave has to do this. He has to
11 give us some plans.

12 MR. LOPATKA: I'll take another
13 look.

14 MS. DOHERTY: Why does something
15 have to be done? Has there ever been an
16 accident there?

17 MS. SMICHERKO: Almost.

18 MS. DOHERTY: Why does something
19 have to be done? We're there 20 years and
20 haven't had a single problem.

21 MS. SMICHERKO: They don't sit on
22 their porch and see the cars.

23 MR. MIKOLACZYK: This is why a
24 public meeting should --

25 MS. SMICHERKO: All the neighbors

1 who have near missed at that intersection
2 coming up that street. I guess they haven't
3 seen. I've been trying to get something
4 done with that road since before they even
5 moved in. I don't know if any of you were
6 even on council at that time. Maybe
7 Marylynn was here.

8 I actually went out and spray
9 painted. Friends laughed at this. Years
10 ago I sprayed white and put S-T-O-P just so
11 people would see you're supposed to stop.

12 MR. RUSSELL RINALDI: Don't do that.

13 MS. SMICHERKO: They weren't even
14 living in our development. That's how long
15 I've been trying to get this done. When I
16 look at this and it's November and we still
17 are dragging our feet and nothing has been
18 done.

19 MR. RUSSELL RINALDI: We also had
20 our grant writer look into -- because we
21 were trying to find a way to fund this. So
22 we also have our grant writer looking for a
23 grant to write out for that. We missed the
24 window this year for it. That doesn't
25 mean -- I'm just saying. We're not dragging

1 our feet. Something like this, although
2 it's been from November -- and I know you
3 said you've been here years ago, but it's
4 really from November. Something like this
5 takes a little bit of time. It does.

6 But I have a question for the
7 Dohertys just for my own decision in the
8 future. It's your yard. I want to show you
9 something. One of the ideas was to actually
10 just build not the island, it would be
11 another piece of land. So it would make
12 your yard a lot -- right there. It would
13 take your whole corner of your yard -- this
14 was just on one plan. There's no decision.
15 It would be our property. It would just
16 make your yard bigger, but we'd have to
17 maintain it because it's borough property.
18 Then there would only be one lane out, where
19 you see, and then one lane in.

20 (A brief discussion was held off the
21 record.)

22 MR. RUSSELL RINALDI: Just for
23 myself and for the rest of council, if a
24 decision was ever made in the future after a
25 public meeting, if you attend, would you

1 mind your yard being bigger? We'll maintain
2 it.

3 MS. DOHERTY: Any kind of island is
4 going to be in your way.

5 MR. DOHERTY: This is my house, this
6 is our driveway. You're proposing to do
7 kind of something like that.

8 MR. RUSSELL RINALDI: Just something
9 like this.

10 (A brief discussion was held off the
11 record.)

12 MR. RUSSEL RINALDI: Dave, try and
13 get us a few more options. Once we have the
14 options -- let's have them soon. Let's hold
15 a public meeting and invite the neighbors
16 who border that intersection to the meeting,
17 we'll hear their thoughts and go from there.
18 We would send out letters to the addresses
19 that border.

20 MS. SMICHERKO: One more thing. Is
21 there any way that our little borough could
22 fund a full time fire department? Even if,
23 like, every resident gave a few dollars like
24 we do for a library or whatever to have full
25 time. When you have a fire in the middle of

1 the night, you have volunteers, it took a
2 while for them to come out.

3 MR. RUSSELL RINALDI: There's
4 discussions going on right now down at the
5 state capital, and there's been discussions
6 at the firehouse last July or last August,
7 Bill, with the democratic house committee
8 who handles -- the oversight committee.

9 MR. STULL: Yes. So we sent out a
10 letter to Harrisburg for the borough. So
11 what happened, down in the Philadelphia
12 area, there was a couple counties down there
13 that got together with their state
14 representatives, and what they did was they
15 put in for second class townships, now, for
16 fire protection, that they can take up to
17 ten mills. From three mills to ten mills.

18 So our thing was why are you just
19 giving it to second class townships and not
20 the boroughs, and we went to Representative
21 Jim Haddock. Right now -- I've seen the
22 e-mail, I think it was last week -- they're
23 going to put a bill together for the
24 boroughs and the second class townships and
25 try to get everything under one.

1 MR. KOMENSKY: For the rest of the
2 state.

3 MR. STULL: Across the state. This
4 way it would be up to the individual
5 boroughs if they want to raise it from the
6 three mills to ten mills. So that's working
7 in the state now.

8 MR. HOOVER: What happens if it's
9 over ten mills?

10 MR. STULL: It's only going up to
11 ten mills.

12 MR. HOOVER: What if it's not enough
13 money to run a fire department?

14 MR. STULL: If you can get ten mills
15 for us now that's a lot of money.

16 MS. SMICHERKO: Isn't there a way to
17 do it just every household pays?

18 MR. HOOVER: If people don't want
19 their garbage to go up 50 cents --

20 MR. RUSSELL RINALDI: The way it
21 would be proposed would be more or less the
22 borough would have to raise the millage. We
23 can make it a fire tax, a safety tax,
24 depending on the decision of the house.
25 Once they either pass the bill or don't pass

1 the bill and they raise it from three to
2 ten, if ten was going to be the max, that's
3 what they were voting on. So what would
4 happen is they would -- most likely the
5 borough would raise -- if this was an
6 option. I'm not saying it is. The borough
7 could raise it up to ten mills attached to
8 your tax bill. Those ten mills would be
9 dedicated to the fire department. That's
10 how they present it in the house?

11 MR. STULL: Right. The final draft
12 isn't even there.

13 MR. RUSSELL RINALDI: But that's how
14 they discussed it.

15 MR. KOMENSKY: So the public safety
16 committee has met with the fire department
17 for the past year, and we had been having
18 these discussion about a year -- and the
19 finance committee. So we have worked with
20 the representatives.

21 But to Councilman Hoover's point,
22 we're not sure that that's going to be
23 enough money with the reassessments that are
24 coming through.

25 But what is on our plate now is last

1 year you saw how the 33 percent tax increase
2 in the county caused a lot of problems and a
3 lot of people could not afford to pay their
4 taxes. So you go to the county, the school
5 district and the borough. If we wanted to
6 add ten mills -- we realize that public
7 safety is paramount. We're not going to
8 disagree with that. But we're trying to
9 figure out how to get there to not have
10 people not be able to afford to pay their
11 taxes. That's where we're at with the whole
12 situation. If I'm wrong, please somebody
13 correct me. But that's kind of where we're
14 at right now.

15 We've been working on this for eight
16 months, but we're working on it until we
17 finally got a representative because the
18 three counties, like Chief Stull said, have
19 put that through. We didn't even know about
20 it until we started digging in. Then we
21 went to the state legislators and asked why
22 wouldn't you put the other 64 counties on
23 it. So they finally agreed.

24 We don't know that it's going to be
25 done by the end of the year, but we're

1 waiting to see what's going to happen with
2 the assessment of the assessed valuation in
3 Lackawanna County before the end of the year
4 because that number -- we don't even know
5 what the millage is going to be. That's
6 what we're trying to figure out.

7 MR. HOOVER: If we raise the millage
8 for ten mills for the fire department what
9 happens to the police department? What
10 happens to the garbage that we have to raise
11 millages for, all these other things that we
12 have to raise millages for? You'll go
13 broke.

14 MS. BARTOLETTI: It's a very rough
15 scenario because obviously it's something
16 that's very necessary. We know from
17 speaking to the firemen for years now how
18 the volunteers have been getting less and
19 less and less, but it's also become harder
20 and harder and harder to make our borough
21 run because of our financial situation.
22 It's scary going into this budget season
23 already. I'm cringing already.

24 MR. KOMENSKY: The last thing is the
25 borough, in cooperation with the fire

1 department, does have a full time driver
2 which the borough pays for annually. We pay
3 for a driver first shift every day at the
4 firehouse, Monday to Friday.

5 MS. BARTOLETTI: We give them money
6 to pay the driver and the fire company pays.

7 MR. KOMENSKY: We just did a bunch
8 of reports. We're trying to have all the
9 information ready once we know what the
10 county does. Chief Stull and I and Chief
11 Tagliaterra and I and Russell and Jimmy on
12 the public safety commission, we work on
13 that every week.

14 MR. STULL: You're absolutely right.
15 When you're paying \$2 million for a ladder
16 truck, a new one, or a million dollars for a
17 new pumper you can't raise that on bingo
18 nights or corn hole tournaments.

19 MR. KOMENSKY: And we can't raise it
20 on ten mills either.

21 MS. SMICHERKO: How about that grant
22 writer?

23 MR. KOMENSKY: Chief Stull will tell
24 you they've applied for grants. So we're
25 working on it also. They don't just hand

1 out a million dollars.

2 MS. BARTOLETTI: And there's no
3 grants that pay for staff members. It might
4 be for equipment, but never for that amount
5 of money.

6 MR. KOMENSKY: It's, like, for two
7 years or three years, then you have to pick
8 it up. No different than the cops. So it
9 might pick it up for three years, but after
10 that they're on your dime. You have to
11 figure out how to pay that.

12 MR. STULL: Work in progress.

13 MS. BARTOLETTI: Until whatever
14 happens I just want to say what we have in
15 the budget right now for the fire companies,
16 they get an allotment from the borough every
17 year which helps to pay for their loans, I
18 guess.

19 MR. STULL: Goes right onto the loan
20 of the new addition. Back in '17, when the
21 borough decided to redo this, they had a
22 fire station next door. So we talked to
23 them and said we want to combine the fire
24 departments in town to one location. That's
25 what we did. We looked at all the

1 possibilities, and the best thing to do is
2 what we did. We put on a \$1.2 million
3 addition onto our station over there and put
4 it over there. We kind of gained more
5 people because we got the truck over here
6 with us. So now we're running on their
7 equipment, they're going to be running on
8 our engines.

9 So in essence it's really helped the
10 community. In February of this year
11 Eagle-McLure Hose Company changed our name.
12 It's Old Forge Fire Department now. We're
13 working with the state now on combining the
14 other two fire departments into Old Forge
15 Fire Department. So they will send out
16 liaisons to us to work with us and the
17 borough to do that. So instead of going
18 through the lawyers and everything we're
19 going to use the state. I believe the state
20 already contacted the borough, how that was
21 going to work.

22 MR. KOMENSKY: DCED. Right?

23 MR. STULL: Yeah.

24 MS. BARTOLETTI: We haven't received
25 anything.

1 MS. SMICHERKO: What is the old
2 ambulance building being used for?

3 MS. BARTOLETTI: Right now it's
4 borough equipment in it, safety equipment.

5 MR. RUSSELL RINALDI: We have some
6 DPW equipment there.

7 MR. HOOVER: We purchased the
8 building.

9 MR. RUSSELL RINALDI: The borough
10 owns the building.

11 MS. BARTOLETTI: We purchased it in
12 a sheriff's sale. Now we use it for storage
13 for the excess equipment, all the winter
14 equipment.

15 MR. RUSSELL RINALDI: We were going
16 to put a section on -- our plan was to put a
17 section on the DPW building. That hasn't
18 begun yet.

19 MR. LENCESKI: It's filled.

20 MS. BARTOLETTI: We also pay for the
21 firemen's workman's compensation. We also
22 pay for all the insurance on all vehicles
23 for them, and we recently purchased a whole
24 new set of radios for \$100,000 for them. So
25 the borough helps in every way they can

1 right now. A lot of people don't know that.

2 MR. RUSSELL RINALDI: If there are
3 no more members from the public we'll go
4 down the table, see if anyone has anything.
5 We'll start with our borough manager,
6 Marylynn Bartoletti. Anything for this
7 evening or for the upcoming meeting?

8 MS. BARTOLETTI: For the next
9 meeting what we'll have on the agenda for me
10 is the minimum municipal obligation for the
11 police pension and the minimum municipal
12 obligation for the non-uniform pension. We
13 pass those every year, what the borough will
14 have to pay in for the next year.

15 We're also going to have a
16 resolution for the purchase of a new police
17 vehicle, and we will be trading one vehicle
18 in along with purchasing a vehicle. So it
19 will all kind of go together.

20 We will have a resolution for Monroe
21 Local Share LSA grant to put toward the DPW,
22 if we're so fortunate to get the grant.
23 Then we'll be doing a second LSA grant,
24 which is statewide, and that will also be
25 for the DPW garage. That one we will

1 probably pass in October or else November
2 because that grant is due the end of
3 November.

4 MR. KOMENSKY: For the Monroe LSA
5 can you put the two applications in? The
6 reason why I'm asking is because as I look
7 at them when they come I see them like that.

8 MS. BARTOLETTI: If you're going to
9 do two you're never going to get them both
10 fully funded. We've been very fortunate
11 where the ones that we were approved on
12 fully funded us. So I think it's kind of
13 one works against the other. I mentioned
14 the two together. They're two separate
15 ones. One is statewide, one is Monroe
16 County Local Share. So I thought if we do
17 both of those and ask for whatever we
18 possibly needed. But it's two separate
19 money outlets.

20 MR. RUSSELL RINALDI: Any members
21 have any questions for the borough manager?
22 Thank you, Marylynn.

23 Attorney Rinaldi, anything for this
24 evening or for the upcoming agenda?

25 ATTY. RINALDI: What did you decide

1 on the two ordinances, skill games and speed
2 limit limited to 15 in the borough? If you
3 want to pass those.

4 MR. RUSSELL RINALDI: I thought
5 skill games we said three.

6 MR. HOOVER: Three games. I have a
7 question on that. You have to have a liquor
8 license, but my question is do we wanting
9 gambling and liquor in the same building?
10 That's not a good mix.

11 MR. RUSSELL RINALDI: It keeps the
12 age above 21.

13 MR. HOOVER: Just something to think
14 about.

15 MR. STULL: If you just put for a
16 liquor license that leaves us out. We don't
17 carry a liquor license.

18 MR. RUSSELL RINALDI: We said liquor
19 license. Bill --

20 ATTY. RINALDI: It's either a
21 licensed gaming facility by the state, it's
22 anyplace with any type of liquor license,
23 any non-profit corporation, association for
24 firefighting, volunteer emergency services.

25 What did you decide on the speed

1 limit?

2 MR. HOOVER: Well, 15 they're going
3 to do 20, if it's 20 you're going to do 25.

4 ATTY. RINALDI: So the whole borough
5 is 15 miles an hour? That's the way I wrote
6 it.

7 CHIEF DUBERNAS: Except for state
8 roadways, state highways.

9 MR. RUSSELL RINALDI: Just borough
10 owned streets.

11 MR. KOMENSKY: Now we're governed by
12 the state because it's 25 all over. If it's
13 not --

14 MR. BUTLER: That's fast for a
15 development.

16 MR. HOOVER: You have a stop sign
17 every 600, 700 feet.

18 MR. RUSSELL RINALDI: Do we have to
19 make it throughout the borough or just
20 certain streets? The reason I asked, Joe,
21 how many borough streets in Old Forge?

22 MR. LENCESKI: There's 43 miles.

23 MR. RUSSELL RINALDI: So let's say
24 we have right now potentially two, three
25 streets. Could we just make it for each

1 street that we choose for a resolution, and
2 then instead of purchasing a hundred signs
3 we just purchase the signs we need for the
4 streets we change?

5 MR. KOMENSKY: That's where I'm
6 getting with that.

7 CHIEF DUBERNAS: That's why it came
8 up because Forge Estates has no speed limit
9 signs whatsoever. Then they said if you're
10 going to do that, then do the whole town.
11 You can't do state highways. If you just
12 want to continue with the Forge Estates
13 until we move along. So Amity Ave --

14 MR. HOOVER: Winter.

15 MR. RUSSEL RINALDI: Could we do a
16 resolution for Forge Estates right now?

17 MR. HOOVER: Long stretch, Amity to
18 Albion. It's almost three blocks. That's
19 where people go fast, in front of their both
20 houses. People can go fast. You have
21 Nicholas, you have a stop sign in the middle
22 of the road. It's only 400 feet. It's not
23 a long stretch.

24 CHIEF DUBERNAS: A long stretch at
25 Kohler and a long stretch at Tanya.

1 MR. RUSSELL RINALDI: Would you go
2 over there and get us all the streets in
3 that development and give them to the
4 solicitor? Then for starters we could put a
5 resolution for the next meeting to the floor
6 for the streets in Forge Estates.

7 MR. HOOVER: I think you only need
8 half a dozen in my subdivision.

9 MR. LENCESKI: Over 200 streets.

10 ATTY. RINALDI: Right now you have
11 Susquehanna from First Street to Maxson
12 Drive is 15 miles an hour. Vine Street from
13 Stewart to Church is 15 miles an hour.
14 Everybody else is 25.

15 CHIEF DUBERNAS: Amity, Winter.

16 MR. RUSSELL RINALDI: Every street
17 in the development.

18 CHIEF DUBERNAS: You come down Dunn
19 Avenue, you come into the development
20 there's nothing except a stop sign on
21 Church.

22 MR. RUSSELL RINALDI: Get the
23 solicitor all those streets.

24 ATTY. RINALDI: You have those two,
25 maybe two on the agenda, and Marylynn went

1 through the resolutions.

2 Rosalie, I got the appraisal back,
3 but that's an executive issue, and I have a
4 question on it anyway. We can deal with
5 that next week.

6 MR. BUTLER: Morton Street.

7 MR. RUSSELL RINALDI: Any members
8 have any questions for the solicitor?
9 Thanks, Bill.

10 We'll go down the table, hear from
11 our members. Mayor Legg, anything for this
12 evening?

13 MAYOR LEGG: Any good coach would
14 tell you without his family behind him he's
15 not going to be nearly as successful as he
16 probably wishes he was. Mare, it was nice
17 that your husband acknowledged you. That's
18 all I have.

19 MR. MIKOLACZYK: I'm good. I want
20 to thank you for your vigilance and your
21 patience on this deal. It's not an easy
22 fix. The problem is there's too many fixes.

23 MR. KOMENSKY: I'd also like to
24 congratulate Coach Bartoletti on his wins.
25 I know it's a milestone and he really puts

1 in the time with his players and his staff.
2 So congratulations to him.

3 The other thing I would like to
4 mention is I would like to thank the police
5 department -- and I'm not going to get too
6 deep into this -- for the incident at the
7 park yesterday. Officers Sensi, Williams,
8 Bernardi, Terhune and Harris. I think they
9 should be commended for their work
10 yesterday. We thank them for their
11 vigilance and keeping everyone safe. That's
12 all I have.

13 MR. BUTLER: I just want to
14 reiterate what Mayor Legg said in commending
15 Mike. Good friend of mine. I played ball
16 with him for years. Mike Bartoletti. He's
17 a good guy and he knows his baseball. We
18 argue a lot over baseball.

19 I want to commend the chief, too,
20 with what happened down the park. We got
21 that taken care of and nobody got hurt doing
22 it.

23 MS. MCCAWLEY: Congrats again to Mr.
24 Bartoletti and the chief for yesterday.
25 That's all.

1 MR. HOOVER: I'm the same. Bobby, I
2 like what you're doing. It's real nice.
3 Good for the borough.

4 Also, Chief, thank you. Michael
5 Bartoletti and Marylynn, congratulations.

6 I'd like to have an executive
7 session to discuss a personnel matter when
8 we're done.

9 MR. RUSSELL RINALDI: I have three
10 items. Before I get into them I have to
11 echo what everyone said. Congratulations to
12 Mike. Mike is also, for the members, a
13 former councilman for the borough of Old
14 Forge, too. He served from 2006 until 2010.
15 Great job by him. It's definitely an
16 awesome accomplishment and fete to get that
17 many wins.

18 Mayor, I didn't know as long as -- I
19 know Mike most of my life. He had 523 wins,
20 you said. He had 123 at Lackawanna. I
21 wasn't aware of that until tonight.

22 MAYOR LEGG: I knew he was a
23 baseball coach at Lackawanna. I didn't know
24 he had that many wins.

25 MR. RUSSELL RINALDI: And I echo

1 what you said. It was very nice what he
2 said about you. That was heartfelt.

3 Chief, great job again by you and
4 the department, the officers. Again, not to
5 say too much about it because it's an
6 ongoing investigation, but that could have
7 really been a serious situation.

8 CHIEF DUBERNAS: It's getting dark
9 earlier. Unless there's a ball game going
10 on.

11 MR. HOOVER: Even the football game
12 the other day I walked by and it was open.
13 You have to lock it before the game. I
14 think 9:00, lights. I think the lights
15 should be turned off. Friday night football
16 game leave the lights on maybe later, but I
17 think 9:00 during the week, unless there's a
18 game going on.

19 MR. KOMENSKY: I think what Jimmy
20 said, before the game just because of
21 everything that goes on. Might not be a bad
22 idea.

23 MR. RUSSELL RINALDI: Chief, maybe
24 one or two extra patrols down there every
25 now and then until the parks close for good.

1 CHIEF DUBERNAS: Start closing
2 earlier. As soon as it starts getting dark
3 close it.

4 MR. LENCESKI: Even shut the lights
5 off.

6 MR. RUSSELL RINALDI: First thing, I
7 want to set up interviews. We put the
8 application out for a part-time zoning
9 officer. We received one applicant?

10 MS. BARTOLETTI: Yes.

11 MR. RUSSELL RINALDI: Everybody good
12 to set up interviews before the next public
13 meeting, 6:00? You want to do 6:30? Okay.

14 Second thing is, Chief, I was
15 contacted by Father Jenkins, Saint Mary's
16 Church. He wanted to set up a meeting. He
17 was asking me if potentially the police
18 would have a cop car sitting out of the
19 masses just for a few minutes.

20 CHIEF DUBERNAS: I told him on
21 Sunday.

22 MR. RUSSELL RINALDI: He asked me, I
23 said contact the borough office or the chief
24 of police. He said should I set up a
25 meeting with you guys? I said call the

1 office or the chief.

2 CHIEF DUBERNAS: I'm going to meet
3 him for the Sunday mass and Saturday mass.

4 MR. RUSSELL RINALDI: I just wanted
5 to let the rest of the members know. The
6 last thing for tonight, I guess I'll call it
7 the river project, Lonesome Road, I had
8 three business owners contact me, asking me
9 if we're going to move forward with it. I
10 said we were still waiting for DEP to give
11 us the permit. Right?

12 MS. BARTOLETTI: We haven't received
13 anything.

14 MR. HOOVER: Were we going to
15 contact them? Do we have a connection?

16 MS. BARTOLETTI: We should.

17 MR. HOOVER: The river is low. Now
18 is the time to do it.

19 MR. KOMENSKY: I thought that guy
20 said he would follow up with it.

21 MR. RUSSELL RINALDI: What I told
22 the businesses -- and I'm not pushing it off
23 on DEP. But the last meeting we had with
24 them in April they said they were going to
25 contact us around July, August. So we were

waiting to hear from them.

MR. MIKOLACZYK: We don't have a permit yet?

MR. RUSSELL RINALDI: No.

MR. KOMENSKY: He's going to write that permit that day.

MS. BARTOLETTI: I'll give them a call.

MR. RUSSELL RINALDI: That's all I have for this evening. If no other members have anything, the chair would entertain a motion to adjourn into executive session.

MR. KOMENSKY: So moved.

MR. RUSSELL RINALDI: By Councilman Komensky. All in favor?

(Unanimous. Meeting adjourned.)
