

OLD FORGE BOROUGH COUNCIL
OLD FORGE, PENNSYLVANIA

IN RE: COUNCIL WORK SESSION

SEPTEMBER 4, 2018

7:00 P.M.

OLD FORGE MUNICIPAL BUILDING

314 SOUTH MAIN STREET

OLD FORGE, PENNSYLVANIA

COUNCIL MEMBERS:

ROBERT SEMENZA, PRESIDENT

JOSEPH FERRETT

RUSSELL RINALDI

LOUIS FEBBO

RICK NOTARI

JAMES HOOVER

MICHAEL LETTIERI

WILLIAM RINALDI, ESQUIRE, SOLICITOR

MARYLYNN BARTOLETTI, BOROUGH MANAGER

Mark Wozniak
Official Court Reporter

1 MR. SEMENZA: Good evening, ladies
2 and gentlemen. We'll start with the Pledge
3 of Allegiance.

4 (The Pledge of Allegiance was
5 recited.)

6 MR. SEMENZA: Welcome to the
7 September 4th work session for the Old Forge
8 Borough Council. The purpose of tonight's
9 meeting is to set the agenda for our
10 September 18th meeting. I'll go to our
11 department heads, see if they have anything
12 to address council with.

13 There's a public sign-in sheet if
14 anybody wants to address council. I'll go
15 down the table, see if any council members
16 have anything. Paul Papi?

17 MR. PAPI: I don't have anything.

18 MR. SEMENZA: Anybody have anything
19 to ask Paul?

20 MR. NOTARI: Paul, Smith Street
21 there's some potholes.

22 MR. PAPI: There's a lot of potholes
23 we have to get to. It's a short week this
24 week. We were in trouble last week. We had
25 an issue with the grass and the compactor.

1 We're a little behind.

2 MR. NOTARI: No problem.

3 MR. PAPI: We had to work Saturday
4 to get it done.

5 MR. NOTARI: There's a big one right
6 at the intersection of Carter and Smith.

7 MR. PAPI: I'll get the guys out as
8 soon as I can.

9 MR. NOTARI: I appreciate that. Oak
10 Street, I've gotten a few complaints
11 about -- and I know Oak Street is not ours.
12 The intersection of Marion and Oak, there's
13 some potholes there. Can we get a call in
14 to PennDOT or --

15 MR. SEMENZA: I just talked to the
16 guy.

17 MR. NOTARI: I've got a few
18 complaints over the last few weeks. It's
19 pretty bad.

20 MR. SEMENZA: Paul, if you want to
21 give them a call. I spoke to James May. If
22 you want to call your contact.

23 MR. NOTARI: That's all.

24 MR. SEMENZA: Paul, is all our
25 equipment up and running?

1 MR. PAPI: Yeah.

2 MR. SEMENZA: Anybody else have any
3 questions for Paul?

4 MR. PAPI: Just our old 2008 Ford,
5 we replaced it already.

6 MR. SEMENZA: Any update on the
7 truck?

8 MS. BARTOLETTI: We changed the
9 style, found a Ford, gave them the purchase
10 order and got it delivered Thursday.

11 MR. SEMENZA: Fantastic.

12 MR. PAPI: The recycling truck is
13 due to come in any day.

14 MR. SEMENZA: Anybody else? Thanks,
15 Paul. Steve, anything for the agenda?

16 MR. BIERLYA: Nothing for the
17 agenda. Just to let you know that the
18 building portion of Pride Mobility is going
19 to be in the works. Their plans are here.
20 They just have to finish up filling out the
21 applications.

22 In your packet there's going to be a
23 conservation note about Luzerne Country, the
24 Ripple Street project. Nothing on the Old
25 Forge side. County planning commission

1 sending a letter out.

2 We had somebody interested in those
3 apartments next to the beverage place.
4 They're going to come in to planning
5 Thursday to ask about putting a five-unit
6 apartment building. That's it.

7 MR. SEMENZA: I'd like to update
8 council. I spoke with Steve last week. At
9 one time Steve and Officer Buggy were going
10 around, if you want to --

11 MR. BIERYLA: Well, it actually
12 stemmed from the incident with Robert Baron,
13 where the police are going around, trying to
14 do surveillance, seeing if anybody had
15 cameras with their investigation, and after
16 they did their investigation Officer Buggy
17 came up with an idea to go around to all the
18 commercial facilities and, one, and their
19 end only because of the fact that they just
20 got a new computer system in, too, and all
21 the information could be entered right on
22 the computer system. So if something
23 happened at 712 Main Street they can punch
24 that up, see who the contact was. They can
25 see if there's cameras, they can look at the

1 next one, the next one, see if anybody else
2 had cameras. They know right where to go.

3 Then on the back side of it, I was
4 following Officer Buggy around to see if
5 anybody had an occupancy permit. If they
6 did and they've been there for a long time
7 and they lost it, issue a new one. If it
8 was a business that never came in to
9 planning and they opened up an
10 establishment, to have them get an occupancy
11 permit for their business, and that kind of
12 fell apart.

13 MR. SEMENZA: It was stopped some
14 time back. I spoke with the mayor and the
15 chief and Marylynn and Officer Buggy about
16 it. We're going to put it back into works,
17 get them doing it again when they have time.

18 MR. BIERLYA: Once the first week of
19 school goes by, then we can arrange a time
20 schedule and her and I get together again
21 and continue it, because I think all the
22 files that we had she shredded and we're
23 going to have to start over.

24 MR. SEMENZA: It would be a good
25 thing for the borough to have. Anybody else

1 have any questions?

2 MR. NOTARI: Steve, that property on
3 Dunn Avenue, 405, that wooded area, remember
4 I asked you about it at the last meeting,
5 across from the --

6 MR. BIERYLA: I spoke to the owner
7 about it. He was to get back to me on it to
8 see what was going on.

9 MR. NOTARI: I got a call again from
10 the neighbor.

11 MR. BIERYLA: Church Street, I did
12 send out a letter of violation for that. I
13 did call his attorney. I haven't gotten
14 anything back from either one of them. I
15 guess I'm going to have to go down to the
16 magistrate and file something on that, or
17 maybe I might be able do it tomorrow.

18 MR. NOTARI: How about the property
19 on Orchard Street? Anything new, the Barone
20 property?

21 MR. BIERYLA: No, they were just
22 waiting to do what they have to do.

23 MR. NOTARI: And 200 Moosic Road,
24 any more problems there? That corner of
25 Moosic Road and Maxson Drive.

1 MR. BIERYLA: Not really, only
2 because, as I said last council meeting, he
3 was waiting for the surveyor to determine
4 his coverage. And I did get in contact with
5 the surveyor, who is Guy DeAngelo from
6 Ransom. He's supposed to do the
7 calculations and get back to me.

8 MR. FEBBO: What about Wyalusing
9 Ave?

10 MR. BIERYLA: I got in contact with
11 him, told him he's got to step it up or he's
12 going. The progress hasn't been the best
13 and it's been two years. If nothing starts
14 happening I'm just going to proceed down to
15 the magistrate's. It is what it is.

16 MR. SEMENZA: How is the progress on
17 Stocki's property going?

18 MR. BIERYLA: I just got new
19 pictures, and it looks like he's at a
20 snail's crawl and the snail's winning.

21 MR. NOTARI: First meeting is
22 tomorrow?

23 MR. BIERYLA: Tomorrow, 11:30.
24 Depending upon the outcome, comparison A to
25 B, then we'll see where he lies with the

1 court system.

2 MR. SEMENZA: Anybody else? Thanks,
3 Steve. Dave, do you have anything for the
4 agenda?

5 MR. LOPATKA: I don't have anything
6 for the agenda, but I do have the lot
7 consolidation plan for the church.

8 ATTY. RINALDI: We'll go over that
9 in executive session.

10 MR. LOPATKA: I have the overall.
11 There's a bunch of parcels we're going to
12 combine, and I think you guys want to break
13 the parking lot or maybe the church out
14 separate. So if you can show me where the
15 line wants to be we'll put the line on it
16 and get the consolidation in in addition to
17 the minor subdivision all at the same time.

18 MR. SEMENZA: I'm going to ask for
19 another executive session with the chief for
20 a personnel issue. I spoke to Marylynn
21 before, and I'd like you and the mayor and
22 the rest of council in executive session.

23 MR. LOPATKA: Other than that,
24 unless you guys have something, that's kind
25 of what we have right now.

1 MR. HOOVER: One more sidewalk on
2 Corcoran we have to do. American Asphalt is
3 going to pave it.

4 MR. SEMENZA: Anybody else have
5 anything for Dave?

6 MR. FEBBO: What about Kohler, did
7 they start there?

8 MR. LOPATKA: I'll call the county.
9 They sent something out, their contractor
10 requesting an extension until spring, and
11 our response back to them was absolutely
12 not. We want it done this year. I haven't
13 heard anything back from Jay. I'll call him
14 tomorrow and find out. We told them
15 absolutely not. We want it done this year.
16 I'll give him a call, find out where it's
17 at.

18 MR. SEMENZA: Anybody else? Thanks,
19 Dave. Chief?

20 CHIEF DUBERNAS: The only thing I
21 have, Williams Street, I forget their last
22 name. The handicap parking there. I'm not
23 sure exactly how you want to address that
24 because they have opposing driveways. Even
25 if you flip the street around and made it a

1 one-way going out to Oak Street you're back
2 to round one again with opposing driveways.
3 If you give Leon the handicap that goes
4 across the street and somebody else parks
5 there, before she pulls in her driveway and
6 backs out the car is there. I'm not sure
7 how you guys want to address that. It's a
8 no-win situation for the family because they
9 have multiple off-street parking. They have
10 a driveway up front and a garage in the
11 back. I understand where she's coming from,
12 but even with that car moved, if somebody
13 else parks there, another neighbor or
14 something, they're right back to the problem
15 again. The road is, like, 23 feet wide.

16 MR. NOTARI: I drove down that
17 street. There's a work truck on that street
18 that's --

19 CHIEF DUBERNAS: Sometimes there is
20 a car back on the right shoulder. It's real
21 narrow. You can just barely get by.

22 MR. NOTARI: Do all the homes have
23 driveways, do we know?

24 CHIEF DUBERNAS: The apartment
25 building has off-street parking.

1 MR. NOTARI: You probably can't get
2 a fire truck down that street or an
3 ambulance.

4 MR. SEMENZA: My street is 25 feet.

5 MR. NOTARI: If everybody had a
6 driveway could we eliminate parking on that
7 street?

8 CHIEF DUBERNAS: No, because not
9 everybody has a driveway.

10 MR. NOTARI: You don't think there's
11 anything we can do on that street?

12 CHIEF DUBERNAS: It's going to be
13 tough. Somebody else parks there she can't
14 get out. I'll take pictures.

15 MR. SEMENZA: Have them for the
16 meeting because they're probably going to
17 end up showing up. Try to get it in our
18 packet, please. Anybody have any questions
19 for Chief Dubernas?

20 MR. NOTARI: How we do the first
21 couple days at the school?

22 CHIEF DUBERNAS: All right.

23 MR. HOOVER: The intersection of
24 Albion and Oak, where that guy has that
25 garage on the corner, that's a disaster.

1 CHIEF DUBERNAS: He has the cars
2 moved, now he's back.

3 MR. HOOVER: He had a Ford parked
4 about ten feet from the stop sign. There
5 were four cars right behind. On Sunday this
6 poor old lady got up there and another guy
7 came around he corner and the poor lady
8 couldn't back up her car. I had to back her
9 out.

10 MAYOR LEGG: I talked to him, too.
11 It's such a small lot.

12 MR. HOOVER: He must have eight cars
13 parked on that side street. You can't park
14 that close to the stop sign. People park
15 right behind him. That intersection is a
16 disaster.

17 MR. NOTARI: Do we need a study done
18 like we did --

19 MR. SEMENZA: You run into the same
20 problem as up by -- I mean, you're having a
21 business use public streets for parking.

22 MR. NOTARI: Don't have him parking
23 so close to the stop sign.

24 MR. HOOVER: Everybody parks behind
25 him back to the driveway. It's a mess

1 there.

2 CHIEF DUBERNAS: I'll take a ride
3 over, talk to that guy again.

4 MR. SEMENZA: Anybody else? Thanks,
5 Chief. Bill, anything for the agenda?

6 ATTY. RINALDI: I'm trying to
7 finalize your RFP for recycling. I'm trying
8 to get some input on what exactly you're
9 doing compared to what the last bid was.

10 We have to discuss that appraisal in
11 executive session. I never got an answer on
12 that.

13 I can get what I need from Steve on
14 that Shawnee Hills detention pond. That's
15 all I have.

16 MR. SEMENZA: Anybody have any
17 questions for Bill? Thanks, Bill.
18 Marylynn, borough manager's report?

19 MS. BARTOLETTI: Okay. First, I
20 would like to change the public meeting from
21 the 18th to the 25th of September. Is that
22 a problem with anyone? Can everyone make
23 that date? So I'll advertise changing the
24 date from the 18th to the 25th.

25 MR. FERRETT: What's the purpose?

1 MS. BARTOLETTI: I won't be here.
2 You can meet without me if you'd like.

3 MR. SEMENZA: I'd rather you be
4 here.

5 MS. BARTOLETTI: The other thing is
6 the Monroe Local Share Grant, we're going to
7 be sending that in on September 27th, so
8 we'll probably have a resolution to pass it
9 on the 25th. For those who don't remember
10 that grant, if we are awarded the funds it
11 will be used for the remodeling of this
12 building, which is getting more and more
13 needed every day. That's it.

14 MR. SEMENZA: Anybody have any
15 questions for Marylynn? Thanks, Marylynn.
16 At this time we'll go down the table, see if
17 any council members have anything to
18 address. Mayor?

19 MAYOR LEGG: The only thing I have,
20 the get together we had last Wednesday over
21 Arcaro's went very well. There were over
22 200 people. Councilman Febbo was there,
23 Marylynn was there. She got here early and
24 helped them hang decorations. Judge Munley
25 presented pins to about 40 veterans.

1 Congressman Cartwright was there,
2 Representative Kavulich was there. I think
3 everyone had a good time. It was very well
4 received. That's all.

5 MR. FEBBO: I have nothing.

6 MR. NOTARI: I have nothing.

7 MR. FERRETT: Nothing.

8 MR. HOOVER: Nothing.

9 MR. SEMENZA: I have one thing. The
10 gentleman who sprays for the county for
11 Gypsy moths and sprays for mosquitos had
12 their mosquito thing down at Pagnotti Park.
13 We collected mosquitos, the county took them
14 to be tested. They came back negative for
15 West Nile, which is a good thing. That's
16 about all I have.

17 I have one person on the public
18 input, Steve Cichy.

19 MR. CICHY: I just came here about
20 that pipe that I called Paul about. He put
21 a camera up it and they did a patch job on
22 it.

23 MR. SEMENZA: I did sit with Paul
24 and I did witness it. Councilman Notari
25 also watched the video. If anybody after

1 the meeting would like to go into Paul's
2 office and see the camera that Mike Ford
3 sent us that's fine.

4 My suggestion would be for the
5 borough is to send our contractor up there
6 and get a price on the job to replace the
7 line.

8 MR. PAPI: I'll do that this week.

9 MR. CICHY: He explained to me how
10 the repair is going to be. There's trees in
11 back of my yard. If they need to come down
12 I would take that out of the way, anything
13 that's in my yard. Just get it fixed. Can
14 I just show you a picture of the water that
15 came?

16 MR. SEMENZA: Absolutely.

17 MR. FEBBO: What is the proposed
18 fix?

19 MR. PAPI: From the alley to where
20 the line is good there's a bad section.
21 There's a section where they had a large
22 pipe and they had two small pipes coming
23 into it. They bricked it with stone. I
24 guess when the water was under pressure it
25 was just a geyser all over his back yard

1 where there was a crack or a piece missing.

2 MR. CICHY: It pushed the bend
3 apart.

4 MR. PAPI: It's not designed for
5 pressure.

6 MR. CICHY: My question is about the
7 pipe. You're going to take care of that.
8 The top of the mountain, did you ever go,
9 like, up to Ransom and ask them where the
10 water's coming from? Because my feeling is
11 if it's coming down, can you make a
12 retention pond up on the mountain and let it
13 out slowly?

14 MR. SEMENZA: I don't believe we can
15 go on Ransom property and do anything.

16 MR. CICHY: Can't you come to an
17 agreement somehow? Every time it rains I
18 run down the cellar --

19 MR. SEMENZA: You're saying coming
20 down off the old mountain road next to the
21 water tower?

22 MR. CICHY: Somewhere up there. I
23 know there's a lake on top of the mountain.

24 MR. FEBBO: Wasn't there some
25 discussion, Ransom doesn't want to get

1 involved?

2 MR. PAPI: We had two bridges washed
3 out. It was bad. We're in the highest
4 rainfall on record this summer.

5 MR. SEMENZA: It rains week after
6 week after week and there's nowhere for the
7 water to go.

8 MR. FEBBO: The water's coming from
9 Ransom. Unfortunately, they don't want to
10 do anything about it.

11 MR. SEMENZA: Time over time again
12 we tried to cross the road, drenches, let
13 the water flow off. I don't think anybody
14 new what they were doing. They might have
15 made things worse.

16 MR. FERRETT: The only thing that I
17 think that might be possible is if you get
18 permission to go up and put swales in, big
19 swales.

20 MR. SEMENZA: There's all swales
21 going right up that whole road, Joe. The
22 quads go over them and tear them up and it's
23 going to keep happening over and over again.
24 Whoever did it, which I don't know who did
25 it, I think either they made it worse. I

1 don't know.

2 MR. CICHY: There's no fix for it?

3 MR. SEMENZA: I don't know. I don't
4 even know who you would call. You'd have to
5 get some kind of --

6 MR. NOTARI: Ransom doesn't own that
7 property. It's the property owner.

8 MR. CICHY: Would DEP help you out?

9 MR. SEMENZA: It's private property.
10 I believe Schuback owns some of that
11 property.

12 CHIEF DUBERNAS: Schuback, Lawgy's.

13 MR. SEMENZA: Dave, have you ever
14 seen anything like that done before?

15 MR. LOPATKA: Talking about water
16 coming off the mountain? I mean --

17 MR. SEMENZA: Have you ever heard of
18 a borough going onto a private property on a
19 mountainside like that and doing some kind
20 of --

21 MR. LOPATKA: Typically, no. I
22 mean, you can try to figure out where it's
23 coming from, but, I mean, other than that
24 it's not necessarily the borough's
25 responsibility. Normally it would be taken

1 care of by whoever the landowners are. You
2 can take a look at it and see if you can
3 figure out where it's coming from and why
4 there's so much.

5 MR. SEMENZA: I never saw water come
6 off that mountain like that. Even coming by
7 the cemetery, I never saw water come that
8 fast.

9 MR. CICHY: We can't get up to our
10 cemetery.

11 CHIEF DUBERNAS: They fixed it.

12 MR. SEMENZA: Who fixed it?
13 Pagnotti fixed it?

14 MR. FEBBO: Pagnotti.

15 MR. PAPI: They cleaned out in front
16 of the pipes.

17 MR. SEMENZA: That was another issue
18 there. Where that first gate is on that
19 road, right there where the Ransom/Old Forge
20 border is.

21 MR. FEBBO: This is an unusual year.
22 It's an act of God.

23 MR. SEMENZA: Every other year a
24 hundred year storm comes. You have to go
25 see the landowners. Maybe we can reach out

1 to the landowners, see if they can have it
2 fixed up there on their own. I don't know
3 if the borough can get involved in something
4 like that.

5 ATTY. RINALDI: Not on their
6 property.

7 MR. CICHY: You can't find out where
8 it's coming from? That's all I'm after.
9 Then three-quarters of the solution to it.

10 MR. PAPI: I can take Dave up there.

11 MR. SEMENZA: You cannot touch a
12 waterway without a major, major issue. Then
13 if we do go onto private property and we do
14 try to do something and then it becomes more
15 of a problem, then the borough is liable.

16 MR. CICHY: Just to find out where
17 the water is coming from. Then you have an
18 answer. The water's coming from your land.
19 You're flooding people down below in our
20 town. Thank you.

21 MR. SEMENZA: Can they be held
22 responsible, landowners, for something like
23 that?

24 ATTY. RINALDI: Only if they did
25 work up there or changed the flow. If its

1 been that way for 50 years, no.

2 MR. SEMENZA: I know there's been no
3 work done up there.

4 MR. PAPI: Look at all the flooding
5 we had in town. Just so much water.

6 MR. CICHY: If you made a concrete
7 culvert from the land where the water comes
8 from all the way down to the river, like
9 they did up in Scranton, would that be
10 better?

11 MR. SEMENZA: Where would we run it?

12 MR. CICHY: I don't know. Somewhere
13 down the mountain.

14 MR. SEMENZA: Saint John's Creek?
15 How would we get it across Keyser Avenue,
16 under?

17 MR. CICHY: Got to go under. Like
18 they did in Avoca.

19 MR. SEMENZA: You're talking
20 millions and millions of dollars.

21 MR. CICHY: You can get a grant or
22 something.

23 MR. SEMENZA: You would need more
24 than a grant.

25 MR. FERRETT: You have to be very

1 careful. Every little thing you do might
2 create three others, having people come
3 after us.

4 MR. SEMENZA: You have to watch what
5 you do with water. When was the last time
6 it happened, 2011? Before that was '04,
7 probably.

8 MR. CICHY: No, '93 or '94.

9 MR. LOPATKA: Happened in '96, too.

10 MR. SEMENZA: You're talking three
11 major events that happened. It's not
12 happening on a rainstorm. It's not
13 happening on a real heavy downpour. You're
14 not getting water like that. I think it's
15 almost --

16 MR. FERRETT: I think the best thing
17 for us to do is have our engineer go up
18 there and take a look at the situation.
19 Maybe we may not be able to do something on
20 someone else's property. Maybe he might be
21 able to come up with some kind of a plan on
22 how we can get that water and divert it a
23 different direction rather than seeing it
24 overflow and destroy people's property.
25 Water flows downhill.

1 MR. SEMENZA: Joe, the day of that
2 storm -- and I don't know if you were up
3 Austin Heights. The chief was there. I
4 know you saw it. The water was coming
5 through the old mayor's property, there,
6 right by his house. It was like the size of
7 the Lackawanna River.

8 MR. FERRETT: 2007 --

9 MR. SEMENZA: I get it.

10 MR. FERRETT: The water was coming
11 through everybody's yard, their houses,
12 going down because Schuback rerouted the --
13 we know all about it.

14 MR. SEMENZA: How do you stop
15 something like that?

16 MR. FERRETT: That's why he's got to
17 go to the top and have the engineer try to
18 come up with a solution. Our property stops
19 right at the bottom. Maybe the engineer can
20 figure out something or some way how the
21 water can be diverted somehow.

22 MR. SEMENZA: You have to go to the
23 source.

24 MR. LOPATKA: You can see where it's
25 coming to, but if it's starting somewhere

1 else you're not --

2 MR. SEMENZA: You're not going to
3 know where it's coming from unless you were
4 there during that storm. Maybe contact
5 Ransom, have them contact their landowners.

6 MR. PAPI: All this land is woods.

7 MR. SEMENZA: You know what they'll
8 probably say? Not our problem. I've done
9 no work on this land. It's a rainstorm.

10 MR. HOOVER: Talking about the
11 repair, how big of a pipe are you going to
12 put in the ground to fix it?

13 MR. PAPI: Match the existing. I
14 don't know, it's a 14-inch line, all terra
15 cotta.

16 MR. SEMENZA: Have you gotten water
17 coming out of the ground since that storm?

18 MR. CICHY: No. It goes underneath
19 my house.

20 MR. HOOVER: I don't want to go up
21 there and spend money and find out it's not
22 going to work.

23 MR. FERRETT: Down Franklin, that
24 big storm line. I don't know why that pipe
25 is not connected into that. I'd have to ask

1 Pasonick why they never connected that.

2 MR. SEMENZA: It's connected to the
3 street, Joe.

4 MR. PAPI: It goes into a storm
5 drain, then it goes down the street. If
6 there was a 20-inch line there it wouldn't
7 have handled that much. There just was so
8 much water. It was dumping over into Billy
9 Stuhl's garage. His whole yard was a river.

10 MR. SEMENZA: I think with that
11 amount of water nothing would have helped.
12 Geyser coming out of the ground four, five
13 feet high. He creek was so high it wasn't
14 letting the water discharge out to it. The
15 water had nowhere to go but out.

16 MR. NOTARI: Nowhere to go from the
17 ground, no where to go --

18 MR. SEMENZA: We're going to do our
19 best to try to solve the problem. I can't
20 give you an exact answer of what's going to
21 happen. I'd like to say problem solved,
22 we'll take care of everything.

23 MR. PAPI: I will get Matty up
24 there, he'll write something up of what he's
25 going to do, give us a quote.

1 MR. SEMENZA: Take Dave and explain
2 to him, give him a visual of what happened.

3 MR. CICHY: Just let me know what
4 you're going to do.

5 MR. PAPI: I'll let you know.

6 MR. SEMENZA: Thank you. If there
7 is nothing else, at this time the chair is
8 going to entertain a motion to adjourn.

9 MR. NOTARI: I'll make that motion.

10 MR. SEMENZA: By Councilman Notari.
11 All in favor?

12 (Unanimous. Meeting adjourned.)
