4 MS. BARTOLETTI: Councilman Semenza?

5 MR. SEMENZA: Yes. At this time
6 we'll go to our department heads. Everybody
7 has Paul Papi's report in their packet.
8 Paul, anything to add to your report?

9 MR. PAPI: No.

10 MR. SEMENZA: Anybody have any
11 questions for Paul?

12 MR. LETTIERI: Paul, 731, in front,
13 that little dip there. I've been getting a
14 couple complaints from people from the
15 borough saying --

16 MR. PAPI: We dug that open and it
17 prolonged the sewer job that has to be done
18 there. They did the best job they could.
19 It's hard to get -- I don't know if you can
20 still get hot patch. I'll talk to Matty.

21 MR. SEMENZA: We can definitely
22 still get hot patch. I saw them paving a
23 road in Scranton today. See if you can get
24 it done ASAP. You do get a good bump.

25 Anybody else? Thanks, Paul. Steve,

1 anything to add to your report?

2 MR. BIERLYA: The only thing for
3 council would be the court hearing tomorrow
4 for Stocki at 10:30. Yascavage is 10:30 on
5 Thursday. I've yet to hear about Mr. Coles.
6 Mr. Perone is January 23rd.

7 MR. SEMENZA: Anybody have any
8 questions for Steve? Thanks, Steve. Dave,
9 anything?

10 MR. LOPATKA: No.

11 MR. HOOVER: Dave, did you look at
12 that Von Bergen?

13 MR. LOPATKA: The surveyor was
14 scheduled last week and the weather, then it
15 got pushed off. He's going to let me know.
16 It should be next week sometime.

17 MR. HOOVER: We're going to be
18 running out of time to get a curb put in
19 there.

20 MR. LOPATKA: I'll call him
21 tomorrow.

22 MR. SEMENZA: Did they go up and
23 survey?

24 MR. LOPATKA: No, they didn't. They
25 were going to last week and they got

1 weather. Then he had something else come
2 up.

3 MR. SEMENZA: You went up there
4 after we asked you to go up and take a look
5 at the alley that was paved. There
6 definitely could be some issues going
7 forward with water. Correct?

8 MR. LOPATKA: Yes. I mean, there
9 was before that started. Everything was
10 collecting in one spot. I think when they
11 paved it they tried to get it down to the
12 end. It's flat and they couldn't get the
13 pitch, I guess. I'm going to have them
14 survey it and see what it looks like from
15 end to end. The big issue is if there
16 weren't driveways and other things that we
17 had to tie into there there may be something
18 you could do with it. You have driveways
19 and other things that you have to meet grade
20 at through there. Let me make sure he gets
21 out there.

22 MR. SEMENZA: You touch base when
23 they're going to be out there and I can
24 reach out. I do want to be out there when
25 they're surveying.

1 MR. NICOLETTO: I want to ask a few
2 questions.

3 MR. SEMENZA: Anybody have any
4 questions for Dave?

5 MR. NOTARI: Moving forward, any
6 future paving projects we need to make sure
7 this isn't going to happen. We need to do
8 whatever the added cost is going to be to
9 our bids. We need to make sure the roads
10 are properly paved and pitched the right way
11 so any water is going to go into a drain.

12 MR. LOPATKA: There is no drain.

13 MR. NOTARI: I realize that. When
14 it was brought up we wanted to make sure
15 this problem wasn't going to happen.
16 Obviously it still could possibly happen.
17 Any more paving projects that we have going
18 forward we need to make sure we tie in to
19 our specs.

20 MR. LOPATKA: I think typically what
21 we do is mill and overlay. Anything that's
22 suspect like that, where there's a grade
23 issue, we'll make sure it's surveyed next
24 time. Typically you don't have to because
25 you have enough pitch. That was pretty

1 flat. We look at potentially putting a tank
2 or something in there to drain water to but
3 there's really nowhere to go with it. Me
4 and Paul went out and looked one day and the
5 closest drain is down through the woods.

6 MR. SEMENZA: Did you ever pop that
7 lid down there?

8 MR. LOPATKA: Yeah.

9 MR. SEMENZA: Was there a lid you
10 couldn't pop, a manhole lid?

11 MR. LOPATKA: There was one down
12 there. It was in his back yard. The whole
13 top was moving. We didn't want to push the
14 top off.

15 MR. SEMENZA: There is a grate in
16 his driveway.

17 MR. LOPATKA: It goes to that
18 manhole. It's shallow.

19 MR. PAPI: There's two inlets. One
20 in his driveway, there's one in his back
21 yard. The one in his back yard is really
22 deep.

23 MR. SEMENZA: What's the possibility
24 of piping a drain from that road down there?

25 MR. LOPATKA: I think you can get

1 it. If you go straight across that alley
2 there is a paper alley. It goes down where
3 Church Street would cross. You can get in
4 there.

5 MR. SEMENZA: We have to rectify the
6 problem.

7 MR. LOPATKA: It's probably 300
8 feet. That manhole is pretty deep. You can
9 easily get into it. The pitch from that
10 alley down through there --

11 MR. FEBBO: How far is it?

12 MR. SEMENZA: Three to four hundred
13 feet.

14 MR. LOPATKA: The manhole runs
15 straight down the back property line.

16 MR. BIERYLA: Council instructed me,
17 going back about a month and a half ago,
18 Pride Mobility, that water issue, the CO,
19 has that been resolved or is that still --

20 MR. LOPATKA: From what I was told
21 after talking with Joe Durkin was they were
22 supposedly designing something to catch that
23 water and bring it into their system. I
24 don't know if they've done the work. I
25 haven't been over there.

1 MR. SEMENZA: I don't think any kind
2 of work has been done.

3 MR. BIERYLA: He gave them a
4 temporary CO for the warehouse.

5 MR. LOPATKA: He told me they were
6 going to do some kind of design on it.

7 MR. FEBBO: Before winter?

8 MR. LOPATKA: At this point I don't
9 know, but that's what was discussed when we
10 were here.

11 MR. SEMENZA: Let me know. Bill?
12 Everybody has Bill's report. Do you have
13 anything to add?

14 ATTY. RINALDI: The only thing I
15 want to add is with regard to the fire
16 companies. I did send copies to Marylynn.
17 Each fire company passed a resolution in
18 support of the resolution before you
19 tonight, that they're in favor of it.
20 Marylynn has copies of them signed, if
21 anybody wants to look at them.

22 The Project 70 land appraisal will
23 cost \$950 and will be done in ten days. If
24 nobody has an objection I'll tell them go
25 ahead tomorrow.

1 MR. SEMENZA: Go ahead.

2 ATTY. RINALDI: I got a call today,
3 because I've been working on the county
4 housing authority getting the deeds done. I
5 got a call from the GPI engineering firm.
6 They were retained. They're going to go out
7 and do the surveying for the roads to deed
8 them over.

9 MR. FEBBO: What about Angela Drive?

10 ATTY. RINALDI: His attorney's not
11 handling it. So whoever wants to talk to
12 him or reach out to him. He's not handling
13 it anymore. That was as of a couple weeks
14 ago.

15 MR. SEMENZA: If somebody wants go
16 with me, I'll go meet up with him.

17 MR. HOOVER: I'll go. I don't know
18 when. We're looking to deed over Angela
19 Drive to the borough.

20 ATTY. RINALDI: I know where the
21 parcels are.

22 MR. SEMENZA: Send me an e-mail with
23 that.

24 MR. FEBBO: Pittston Avenue and a
25 dead road. That's caused a lot of problems

1 with water.

2 MR. PAPI: There's three streets up
3 there.

4 MR. SEMENZA: Anything else, Bill?

5 ATTY. RINALDI: Birchwood is done.
6 I have the plans, they're signed. They have
7 to fill in the information. I found out
8 Friday they decided to put the sewers in,
9 which they're working on it.

10 MR. SEMENZA: Now, that easement for
11 the sewer, they found out where they're
12 going to put the --

13 ATTY. RINALDI: They're actually
14 putting it in. The two lots.

15 ATTY. RINALDI: The Keyser Avenue
16 property, they're going to let us know.
17 Mr. Gatz, he only owned the house, not the
18 land it sits on. It was owned by a
19 Mr. Zupko. He has a quitclaim deed from the
20 prior that I think might have been Gelb, who
21 bought it from the coal company. Even
22 though there's a tax sale, the tax sale is
23 only for the house, not the land. There's
24 actually a mortgage, they got a department
25 of labor loan, and it's only for the house.

1 It says right in it land is not owned. It's
2 owned by somebody else.

3 MR. BIERLYA: The way Zupko
4 explained it, years ago, when it was Gelb's
5 or the coal company and Gelb bought it,
6 every resident had a chance to buy the
7 property. That was one off them that was
8 never bought. Then Mr. Zupko, I believe in
9 the '90s, put a quitclaim on it for certain
10 lots that were not purchased.

11 ATTY. RINALDI: Ray Rinaldi is going
12 to get back to us on what he wants to do
13 there. Tear the house down or whatever.

14 MR. SEMENZA: Okay. Anything else?

15 ATTY. RINALDI: No.

16 MR. FEBBO: Bill, telephone
17 conference meetings, two years ago I asked
18 about the possibility of a phone conference
19 when you're away. I'm going to be gone away
20 in February. This is on the docket for two
21 years. Can we resolve that this evening?

22 ATTY. RINALDI: Yeah. It was a
23 draft resolution that I did and attached it
24 a long time ago. That why it's here.
25 That's up to council.

1 MR. RUSSELL RINALDI: We just need
2 the equipment?

3 ATTY. RINALDI: I think you looked
4 into it at one point in time.

5 MR. SEMENZA: Do you want to put
6 that to a motion?

7 ATTY. RINALDI: Why don't I just
8 have it ready for your reorganization
9 meeting so you can all look at it, make sure
10 you're all good with it.

11 MR. RUSSELL RINALDI: The reasons to
12 be able to use it.

13 MR. NOTARI: Can we adopt it at the
14 reorganization?

15 ATTY. RINALDI: Absolutely.

16 MR. SEMENZA: Anything else?

17 ATTY. RINALDI: I'm just checking to
18 see if I have a copy.

19 MR. SEMENZA: Anybody else have
20 questions for Bill? Thank you, Bill.
21 Marylynn, borough manager's report?

22 MS. BARTOLETTI: First, does anyone
23 have any questions on any of the financial
24 reports? Since this is the last meeting of
25 the year.

1 MR. NOTARI: Mare, are we on
2 schedule as opposed to typical years in
3 terms of revenue, expenditures and --

4 MS. BARTOLETTI: Our finances are in
5 fantastic shape for the end of the year. Of
6 course, tonight we pass our budget, and the
7 good thing about that is there is no tax
8 increase or anything like that. We'll go
9 over the budget when you pass the ordinance,
10 I guess.

11 Just one other thing I wanted to
12 mention, I have copies for the management
13 study that we had done. You can take them
14 and read them.

15 MR. SEMENZA: Anybody have any
16 questions for Marylynn?

17 MR. NOTARI: Thanks, Marylynn. Very
18 good work on the budget.

19 MR. HOOVER: Yes.

20 MR. PAPI: I think she deserves an
21 applause for all the hard work she did with
22 Snow Forge and running the borough the last
23 three weeks. You did a hell of a job.

24 MR. NOTARI: She does a hell of a
25 job every week. But yes, Paul, you're

1 correct.

2 MR. SEMENZA: In the budget -- and I
3 spoke with Marylynn about this earlier.
4 Under expenses, line item 405.03, I want to
5 add \$25,000 for a police dog. Page ten.

6 MS. BARTOLETTI: Third line up from
7 the bottom.

8 MR. SEMENZA: I've always thought
9 that dogs for the borough was an asset.

10 MR. HOOVER: It's 25 and up.

11 MS. BARTOLETTI: Yes. That's to get
12 you started. That will definitely get you
13 through probably the first two years because
14 you'll have to do training. The training is
15 the life of the dog. So as long as this dog
16 is considered an officer it will continue to
17 be trained. The actual purchase of the dog
18 itself, and then probably what we would end
19 up doing is taking one of the vehicles we
20 own now and turning that into a K-9 vehicle.
21 Have a cage in the back. So that gets you
22 through at least the first year.

23 MR. FEBBO: Do we have an officer to
24 take that position?

25 MR. SEMENZA: We have two.

1 MS. BARTOLETTI: Yes.

2 MR. NOTARI: Mare, do you think once
3 we get a K-9 officer on board it might be
4 easier to get grants, once we have, to help
5 sustain?

6 MS. BARTOLETTI: Yes, but we're
7 still, so far, in the early stages of it. I
8 wasn't here when we had Enzo, so I can't
9 tell you a lot of the details of how it
10 started and how it happened, but I know it
11 is a timely process because of finding the
12 dog, first of all. Whether it's something
13 you order or --

14 MR. SEMENZA: I'm going to say it's
15 well over a year before he's on duty by the
16 time you train and everything.

17 MR. FEBBO: Are they trained before
18 we get them?

19 MR. SEMENZA: They will come trained
20 and then the officer will train with the
21 dog. I believe it goes like that.

22 MS. BARTOLETTI: They become
23 partners.

24 MR. NOTARI: We're going to take
25 that money out of the ASL?

1 MS. BARTOLETTI: Yes.

2 MR. SEMENZA: The money is well
3 worth it.

4 MR. HOOVER: I'm good with that.

5 MR. NOTARI: I'm good, too.

6 MR. SEMENZA: Anybody else have
7 anything for Marylynn? At this time we'll
8 go into public comment. State your name and
9 who you're with.

10 MS. TUNNEY: My name is Anna Tunney.
11 I'm with Lackawanna County Community
12 Relations. We have a few dates we'd like to
13 share. Lackawanna County Art and Cultures,
14 there's going to be a festival of trees
15 exhibit and fund-raiser. This is scheduled
16 for the 14th of December to the 13th of
17 January at the Marketplace at Steamtown, and
18 the public is welcome to come and look at
19 the trees.

20 Lackawanna County Trolley Museum has
21 a few events for December as well. Santa on
22 the Trolley is scheduled for Saturday and
23 Sunday from the 7th of December until the
24 22nd of December.

25 NEPA Child Passenger Safety is

1 having a car seat safety check with Santa on
2 the 19th of December at Kelly Mazda. It's
3 free of charge. No appointment is needed.

4 The U.S. census is looking for
5 applicants for 2020. If anyone is
6 interested you can apply at
7 2020census.gov/jobs. Thank you for your
8 time.

9 MR. SEMENZA: Angelo?

10 MR. NICOLETTO: Getting back on that
11 Von Bergen ordeal, like I said the last
12 couple meetings when we were here, where
13 that comes out on Von Bergen, there, it's
14 flat as a pancake.

15 One thing I have to admit,
16 Mr. Notari, what he said before, anytime
17 anything should be done -- it's not up to
18 me -- it should be surveyed first or
19 whatever has to be done to do it right.
20 Bobby Palma across the street from my son --
21 and Joe Ferrett is a relation there, I
22 believe. He told my son and Bobby the one
23 day we're going to do this and do that. My
24 son said they're going to put drainage in.
25 I said good. They want to do it right.

1 Good. It was never done. Now there's a
2 problem.

3 I'm going to tell you something,
4 that water, what has to be done there right
5 now, if you look at the alley from Von
6 Bergen to Phillips, on the right hand side
7 facing my son, there should be a curb put on
8 there. Am I right, Mr. Hoover?

9 MR. HOOVER: Yes, you're correct.

10 MR. NICOLETTO: What I would do is
11 right in back of my son's property there's a
12 dead alley or something. A paper alley.
13 Right there a curb -- there should be maybe
14 a three foot or two foot opening and let
15 that water run down temporarily until
16 something can be done. I think you guys
17 know the water problems we've been having
18 around here, last August we had six inches
19 of rain. It took me an hour to get from my
20 house to his house and I live in Taylor.
21 Everything was flooded. You should have
22 seen the back of his house.

23 I can't have that. I have \$50,000
24 of my own money in my kid's house. I can't
25 have that. What were you saying before

1 about tying into a storm sewer?

2 MR. SEMENZA: There's a storm sewer
3 300 or 400 yards away. Maybe it could be
4 tied in. I don't know. Something has to be
5 done. If we can dig up and put a French
6 drain in there I don't know.

7 MR. NICOLETTO: Right where that
8 dead alley is, if something could be put
9 there to drain down to Dunn Avenue. My son
10 said when it flows down there that's not a
11 problem. Barry Tallo told me -- he lives on
12 West McClure. The back of his property ties
13 into the alley. Barry told me about three
14 weeks ago there were surveyors there. I was
15 just wondering what turned out then.

16 MR. PAPI: They weren't ours.

17 MR. SEMENZA: Paul, what he's
18 talking about, putting a curb up, do you
19 know where he's talking?

20 MR. PAPI: I think he wants the
21 whole alley curbed.

22 MR. LOPATKA: No, he's saying curb
23 it and leave an opening.

24 MR. NICOLETTO: Where that paper
25 alley is. Here's the thing. On the other

1 side you have driveway aprons. Actually you
2 can't pave that right through. But the
3 other side there's no aprons or nothing.
4 It's right through.

5 But as far as blacktop goes any
6 more, these plants are open almost year
7 round.

8 MR. SEMENZA: All right, we'll see
9 what we can do, Angelo, as soon as we
10 possibly can.

11 MR. NICOLETTO: I'd like to comment
12 on what Mr. Notari said about anytime you
13 got to do anything.

14 MR. SEMENZA: We talked, a couple of
15 us, on numerous occasions about doing a
16 storm management project before we do any
17 more paving. That's my opinion. The water
18 has nowhere to go. It just lays in the
19 roads. You're wasting hundreds of thousands
20 of dollars.

21 All right, thank you. John?

22 MR. JURISKY: Last week, on
23 Wednesday, this flatbed pulls up on Garbler
24 Street and dropped off a disabled vehicle.
25 It took three guys to take the car off the

1 vehicle. It's parked on Garbler Street. I
2 asked the tow truck, you're not allowed to
3 drop off a disabled vehicle on a borough
4 street, and he told me Ron Coles said I can
5 do it anytime I want to.

6 This disabled vehicle is still
7 there. This disabled vehicle has to travel
8 two 90 degree turns and 175 feet down two
9 hills to get to his garage. It's not
10 running. No power brakes, no power
11 steering. What happens if that car should
12 go right out to Main Street? I want that on
13 record. What happens? There's going to be
14 a very bad accident and someone's getting
15 hurt and killed and Ron does not care.

16 Once again, the illegal junkyard is
17 still flowing. He has 200 tires all over
18 Butler Street. He has 12 five-gallon cans
19 of oil almost right on the sidewalk. This
20 guy don't care.

21 Next thing I hear that the hearing's
22 going on. Okay? Me and my neighbors want
23 to attend that hearing if we can.

24 MR. SEMENZA: I'm sure you
25 absolutely could.

1 ATTY. RINALDI: They're probably
2 needed as witnesses.

3 MR. BIERLYA: They didn't get the
4 paperwork back.

5 MR. SEMENZA: When you get scheduled
6 could you let Mr. Jurosky know.

7 MR. JURISKY: Somebody's going to
8 get hurt. Bill, are you allowed to drop off
9 a disabled vehicle on a borough street?

10 ATTY. RINALDI: Not that I'm aware
11 of. Does it have a license plate on it?

12 MR. JURISKY: Yes, it has a license
13 plate. This tow truck driver is from
14 Scranton. He's not allowed to do it in
15 Scranton, but Ron Coles said he can do it in
16 Old Forge.

17 MR. FEBBO: Did he drop it and leave
18 it?

19 MR. JURISKY: Yes.

20 MR. RUSSELL RINALDI: Did you call
21 the police?

22 MR. JURISKY: The car's still there
23 now. Have somebody go run the plate and see
24 what they can do with that car now.

25 MR. RUSSELL RINALDI: We can send

1 the police now that we're notified, but when
2 it was going on did you call the police?

3 MR. JUROSKY: They were arguing with
4 me.

5 MR. RUSSELL RINALDI: That was going
6 to be my next question.

7 MR. JUROSKY: I said here's my
8 phone, I'm calling the police. As soon as I
9 said that the tow truck took off.

10 MR. RUSSELL RINALDI: As a safety
11 precaution why would you -- you don't want
12 to walk up to a strange driver you don't
13 know and start questioning him. Why didn't
14 you just call the police and let the police
15 come up and handle it?

16 MR. JUROSKY: It's not an emergency,
17 so they're not going to show up. The car is
18 still there.

19 MR. RUSSELL RINALDI: I'm just
20 giving you advice. You can do what you'd
21 like. But my advice is, for safety reasons,
22 call the police and let them go up and talk
23 to the tow truck driver.

24 MR. JUROSKY: You can't roll a car
25 down 175 feet on a 45 degree angle. One of

1 these days that car is going straight to
2 Main Street. What happens? Ron has no idea
3 if it has a broken tie rod or the steering's
4 bad or the brakes are shot.

5 MR. LETTIERI: This happened at
6 night or the day? They said they're been
7 dropping off at night, too.

8 MR. JUROSKY: Ten o'clock during the
9 day this happened. We want to go to the
10 zoning hearing. This is ongoing two years,
11 dropping cars off and rolling them down the
12 garage. Try your car down a hill with no
13 power steering or brakes.

14 MR. SEMENZA: It's not a zoning
15 hearing, it's a magistrate.

16 Tom Chickey?

17 MR. CHICKEY: I found out what the
18 problem was with the water coming through my
19 property. A ditch. The ditch in the alley.
20 It's filled in.

21 MR. SEMENZA: What do you mean?

22 MR. CHICKEY: The ditch in the alley
23 behind the property. The water coming down
24 from Spring Street is basically stopping at
25 my property, running underground and over

1 the ground, then running out onto Franklin
2 Street.

3 MR. SEMENZA: So it's coming off the
4 mountain?

5 MR. CHICKEY: Whatever is coming
6 down the alley between Franklin and Bennett
7 Street. It stops at my property and goes
8 underground at that point. It never makes
9 it down to Gaylord Street.

10 MR. SEMENZA: Is there a pipe?

11 MR. CHICKEY: There's several pipes,
12 several open areas. The area I'm talking
13 about hasn't been open for years. It used
14 to be three feet deep. Now it's almost
15 ground level.

16 MR. RUSSELL RINALDI: You're saying
17 it's going underground, you can't see where
18 it's going to, but then you're saying it's
19 coming out. How do you know that's the same
20 water?

21 MR. CHICKEY: I had it dye tested.
22 The dye showed up in my basement, on the
23 floor, in the yard next door.

24 MR. RUSSEL RINALDI: Who would we
25 have to send up there to do that? Not that

1 I'm saying I don't believe you, but in order
2 for us to start rectifying the problem who
3 would we have to send up there to dye test
4 it?

5 MR. SEMENZA: Can we send Mike Ford
6 up to do that? Paul, you can do that, can't
7 you?

8 MR. PAPI: Yeah. I'll have to meet
9 with Tom.

10 MR. RUSSELL RINALDI: We have to
11 send one of our own up there. That's why I
12 asked how did you find that out.

13 MR. PAPI: That property was like
14 that.

15 MR. SEMENZA: Does that alley have a
16 name?

17 MR. PAPI: It's a ditch between
18 Franklin and Bennett.

19 MR. CHICKEY: It's about ten feet.

20 MR. HOOVER: I don't think you can
21 drive through it.

22 MR. CHICKEY: At one time you could
23 go part way. It used to be a rock ditch.

24 MR. RUSSELL RINALDI: Is it smooth,
25 more or less?

1 MR. CHICKEY: There's still a
2 little -- if you start up Spring Street you
3 can actually see water trickling down the
4 ditch. By the time it gets down to my
5 property --

6 MR. SEMENZA: What's your address?

7 MR. CHICKEY: It's 1224 and 1226.
8 When we actually had a week with no rain the
9 water just about dissipated off the surface,
10 but it was still coming down from Ray
11 Krushefsky's property and coming into my
12 basement. As soon as we started getting
13 rain again it showed up on the surface.

14 MR. HOOVER: I don't know if anybody
15 owns that. I don't think the borough would
16 own that.

17 MR. CHICKEY: Are you telling me to
18 go dig a ditch?

19 MR. SEMENZA: I'm not telling you
20 anything.

21 MR. CHICKEY: They used to run the
22 sewers into that years ago.

23 MR. NOTARI: It looks like it should
24 be a paper alley there.

25 MR. LOPATKA: It shows up as one.

1 There's no street.

2 MR. NOTARI: There's trees in the
3 middle of everything.

4 MR. SEMENZA: Could you go with Paul
5 and meet up and take a look at that?

6 MR. CHICKEY: Can I meet them?

7 MR. SEMENZA: You absolutely could.
8 Why don't you get in touch with Mr. Chickey,
9 Paul. You guys get up there sooner than
10 later, try and get this taken care of also.
11 George?

12 MR. KOLLONIGE: I live at 110 Thomas
13 Street. I've got a real dilemma. I moved
14 here from Taylor about six years ago where
15 we had a giant landfill. Lived there 30
16 years. I got tax breaks, free taxes,
17 borough taxes, free garbage pick up, and now
18 I move here to Old Forge and I feel like I'm
19 in the middle of a dump, a landfill. Every
20 side of my home now -- I have a swimming
21 pool that's greener than hell, still
22 running. My wife just got out of the
23 hospital with respiratory failure. I've got
24 the cat and dog stink house to another side
25 of me. I've got another abandoned house on

1 this side of me. I've got a house -- I've
2 got some pictures I can show you on my
3 phone. I couldn't print them out. I got
4 another home where they got mattresses and
5 box springs out the back that you can see
6 the vermin ripping it apart. I feel like
7 I'm living in the middle of a landfill.

8 MR. SEMENZA: Steve, are you aware
9 of any of these issues?

10 MR. BIERYLA: Just the vacant house.
11 He's from Ransom. I spoke with him about it
12 several times. As far as the box springs I
13 don't know. Once again, as far as the
14 condemned house, I can't speak of it.

15 MR. SEMENZA: I understand.

16 MR. KOLLONIGE: It's all around.
17 What's happened to the neighborhood I don't
18 know.

19 MR. SEMENZA: Can we get down there
20 tomorrow and look at all these issues that
21 he has?

22 MR. BIERYLA: Probably better off on
23 Thursday. Tomorrow we have court.

24 MR. KOLLONIGE: I'd appreciate it.
25 I welcome him. Come in the back yard or

1 just look around. I got TVs just sitting
2 out in the back in the driveway over there,
3 a basketball hoop that's laying on the
4 ground. It's not even a pleasure to come
5 home.

6 MR. SEMENZA: Okay, we'll send Steve
7 over Thursday, see what he can take care of.
8 What's your address?

9 MR. KOLLONIGE: It's 110 Thomas
10 Street.

11 MR. SEMENZA: Okay. If you have to
12 let Dave know, let Dave know. We'll send
13 Steve down and hopefully rectify it.

14 At this time we'll go down the
15 table, see if any councilmen have anything
16 to address.

17 MR. FEBBO: No.

18 MR. NOTARI: Yes. I'd just like to
19 thank council for their support for Snow
20 Forge a couple weeks ago. Another great
21 crowd we had in town. From my understanding
22 all the businesses were filled. It's great
23 to see the businesses all contributing and
24 all getting some of the gist of Snow Forge.
25 It was to bring people into town to

1 patronize our businesses, and it's great to
2 see the cooperation from everybody in town.
3 They come together for that one day. We had
4 some moments before we started, but I think
5 once things got going it ran pretty smooth.
6 That's everybody's support that we get in
7 town from the businesses and the gentlemen
8 on this council as well. So thank you very
9 much.

10 MR. SEMENZA: Congratulations to you
11 also for your part in Snow Forge.

12 MR. NOTARI: We have a great
13 committee and I just kind of hang out and
14 all the ladies kind of do all the work.

15 MR. SEMENZA: Councilman Lettieri?

16 MR. LETTIERI: No. Kudos to Rick
17 and Mare and the whole committee. It was
18 wonderful. The businesses in the town were
19 great. It's a great event and it's getting
20 better and better every year. Thank you.

21 MR. HOOVER: We're almost finished
22 with Stewart and Hickory. We're going to
23 try to get permanent restoration on
24 Thursday, Friday and Saturday. We're going
25 to go up on Mine Street, start that up

1 there.

2 Taroli Street, we had a sewer issue
3 down at the bottom of the hill. Was that
4 ever fixed?

5 MR. PAPI: Yes.

6 MR. HOOVER: I'm doing that street
7 next year.

8 MR. PAPI: Everything we changed was
9 new. We went into a new pipe.

10 MR. HOOVER: We're doing Orchard
11 Street. The only other thing I want to do
12 is thank Sandy and the girl at work for
13 getting the permit process straightened out.
14 Now we're going to be getting paid every
15 month.

16 MR. SEMENZA: Councilman Rinaldi?

17 MR. RUSSELL RINALDI: No items.

18 MR. SEMENZA: I have a few. Over
19 the past year or so we hired a company
20 called Geoscience to do our compaction
21 testing, a third-party firm. Every utility
22 company or contractor that broke ground in a
23 street in Old Forge, when they got the One
24 Call Geoscience gets the One Call also, and
25 they were supposed to -- the contractor is

1 supposed to contact Geoscience within how
2 long? Well, a reasonable amount of time to
3 let them know they were doing work to do the
4 compaction test to fill the pave cuts in the
5 correct way.

6 Well, when I signed these checks
7 on -- Geoscience reports to us. Only
8 American Water Company, with the exception
9 of a few contractors here or there.

10 UGI has not submitted, I don't
11 believe, one. Have you seen one? It's a
12 little upsetting because UGI comes in here
13 with demands to this borough for stuff they
14 want done and we have simple requests with a
15 third-party inspection. We need to do
16 something. Every pave cut that UGI does, I
17 start looking at them after the last couple
18 months. They're all sinking. I'm sure
19 you're going to get the occasional sinking
20 here and there, but for the most part we
21 don't have any trouble, do we, Steve, Paul,
22 with American Water?

23 MR. PAPI: There's two beauties
24 right in front of Russell's place and one
25 across the road. I called him over and

1 over. I said you didn't fix these. Just
2 two weeks ago they sprayed white paint
3 around it and they left.

4 MR. SEMENZA: Could we do something
5 with them?

6 MR. FEBBO: They come in and do all
7 the repair work?

8 MR. SEMENZA: Not repair work.
9 They're supposed to do the inspection on the
10 compaction. What happens is, when you send
11 in for a One Call, if Jimmy calls One Call,
12 all the utility companies get that One Call
13 and they go out and mark their thing.
14 Geoscience also gets it, so it knows there's
15 going to be a pave cut done.

16 That contractor is supposed to
17 contact Geoscience within an X amount of
18 time to let them know that they're doing
19 that repair work. A representative will
20 then show up on the site and do the
21 compaction test when they're filling that
22 hole in so it doesn't sink.

23 Well, they don't call. UGI does not
24 call. Geoscience sends bills, sends
25 paperwork to us.

1 MR. FEBBO: So you're saying the
2 utility company is not calling Geoscience.

3 MR. SEMENZA: Correct. The only one
4 that's not calling is UGI. There's only two
5 main people that do pave cuts in the
6 borough, American Water and UGI, with the
7 occasion of Matty and Louie might do a pave
8 cut here and there.

9 MR. PAPI: Cable TV.

10 MR. SEMENZA: That's very minimal.
11 I'm bringing this up now because it was just
12 done Thursday.

13 MR. NOTARI: What are our options?

14 MR. HOOVER: I have had other
15 municipalities tell the gas company they can
16 only dig emergency gas leaks without
17 Geoscience being there. We usually call an
18 hour before we backfill. They usually send
19 somebody down. Even in the middle of the
20 night they usually send somebody.

21 MR. PAPI: That's only on borough
22 roads.

23 MR. HOOVER: The gas company has
24 this problem with everybody. Other
25 municipalities have told the gas company the

1 only thing you can dig is if it's an
2 emergency. If you have a scheduled gas
3 service to do you cannot dig until you come
4 here and get the permit in hand first.

5 MR. SEMENZA: Maybe that's something
6 we need to do. We have a third-party
7 company for a reason. I don't know,
8 Councilman Febbo, were you on the board when
9 we appointed them as a third-party?

10 MR. FEBBO: No.

11 MR. HOOVER: I was here.

12 MR. BIERYLA: The way it works, I'll
13 get a request from UGI, and then I'll take
14 that permit, I give it a number for each
15 month. That was the system that Marylynn,
16 Sandy and myself came up with. Then I give
17 it to Sandy, Sandy gets a copy for billing,
18 and then I put it in with the permit for the
19 \$75 fee for the cut. Then sandy keeps a
20 list of all the cuts, and along with that
21 list, the ones that come in where the
22 restoration goes in with the -- that they're
23 done. I believe that UGI is probably two
24 years behind on payments.

25 MR. SEMENZA: Let's do something

1 about it.

2 ATTY. RINALDI: You can actually say
3 I'm not going to issue any more pave cut
4 permits to UGI.

5 MR. SEMENZA: Then the residents of
6 the borough are going to suffer because of
7 it. Can we fine them?

8 ATTY. RINALDI: Do a citation for
9 every one they cut.

10 MR. HOOVER: Every one they cut that
11 they don't call you can send them a
12 citation.

13 MR. SEMENZA: Let's do it. I don't
14 know if anybody has an objection to it.

15 ATTY. RINALDI: You're going to be
16 issuing it to UGI directly. They'll be on
17 the phone with all their contractors saying
18 what's the problem here.

19 MR. HOOVER: They will. You can't
20 dig this street until you come for a permit.
21 That's how you'll get them here. They'll
22 come here and say why can't we dig. When
23 was the last time we got a payment from UGI?

24 MS. BARTOLETTI: A while.

25 MR. LOPATKA: They have to have the

1 application filled out 24 hours before they
2 do the pave cut.

3 MR. HOOVER: They do that all the
4 time.

5 MR. PAPI: The ones in front of
6 Russell's, when I first called them on it
7 they denied that they were even theirs.

8 MR. RUSSELL RINALDI: That was a new
9 line they put in for next door.

10 MR. PAPI: They shot a bullet right
11 through our storm drain. They had to fix
12 that.

13 MR. SEMENZA: Marylynn's going to
14 work with Steve. You're going to come up
15 with something.

16 MR. LOPATKA: You have a penalty in
17 your ordinance, \$800.

18 MR. RUSSELL RINALDI: Each time.

19 MR. LOPATKA: Plus regular fees.

20 ATTY. RINALDI: You'll get a call
21 back in a hurry.

22 MR. SEMENZA: We mentioned to them
23 last time about calling for compaction
24 testing.

25 MR. FEBBO: Who's going to call who?

1 MR. SEMENZA: Steve and Marylynn are
2 going to work together. Bill, Mare, we okay
3 to do the 950 appraisal?

4 ATTY. RINALDI: Yes.

5 MR. SEMENZA: One other thing,
6 Steve, I need clarification on the cigar bar
7 going in there, what's going on with that.
8 I spoke with one of the gentlemen, the owner
9 putting the cigar bar in. When he came to
10 planning he was told he had to go to
11 agriculture. He got all them permits,
12 licenses --

13 MR. BIERLYA: I have the paperwork.
14 The state approved it.

15 MR. SEMENZA: Why does he need three
16 sets of architectural drawings?

17 MR. BIERLYA: That is the state
18 ruling with IBC, commercial entities.

19 MR. SEMENZA: I don't understand
20 why. They didn't do any construction there.

21 MR. BIERLYA: The point, as we spoke
22 earlier, was he gave me a drawing, and it
23 says hallway, I think there's a counter --

24 MR. SEMENZA: Which was all
25 originally there.

1 MR. BIERYLA: Seating, and they have
2 men's and ladies bathrooms. There's no
3 dimensions on the bathrooms. Once again, I
4 said it comes to maybe a handicap
5 accessibility with BIU. Change of use under
6 their rules, under the state rules because
7 now you have three employees and now you're
8 inviting 25 or 30 people into an
9 establishment. Once you start getting --
10 and I don't know what the limit is. It's
11 maybe over 12 or 16 -- you kick into a whole
12 different regulations with the state. So I
13 had --

14 MR. SEMENZA: But if the state
15 approved him for everything how are we
16 denying anything? How are we telling him
17 that he needs this --

18 MR. BIERYLA: We're not denying. I
19 just told him to get with Joe because --

20 MR. SEMENZA: I don't understand how
21 BIU has a decision in a business coming into
22 this borough and trying to profit.

23 MR. BIERYLA: BIU has no idea the
24 state approved it. I just got the
25 paperwork. I said to Joe can you stop down.

1 I'll show you the paperwork, we'll go over
2 it, you can look at it, and you can show if
3 there is anything in the ruling or could the
4 guy just walk in. Once again, I wouldn't
5 want to see the borough get any --

6 MR. SEMENZA: I'm not saying that,
7 but if there's no structural work done to
8 the building or any kind of changes I don't
9 understand why BIU has to even put a stamp
10 on it. This is Old Forge Borough. It's not
11 BIU. We have say here of who comes in and
12 who doesn't.

13 MR. BIERYLA: Underneath the BIU and
14 the state rules which he's following it's a
15 change of use. You're going from five to
16 six people to a number of people --.

17 MR. SEMENZA: A change of use and we
18 have to get an inspection company in there?

19 MR. BIERYLA: If Joe was here he
20 could explain it better. I don't think I am
21 explaining correctly to you. But that's
22 kind of what happens. You're going from
23 three or four people to an assembly of
24 people, and in the state's ruling and IBC --
25 and I know it happened someplace else. I

1 forget where it was. You're inviting a lot
2 of people in there. So there's certain
3 criteria for a certain amount of people to
4 come into an establishment.

5 MR. RUSSEL RINALDI: What did it
6 used to be?

7 MR. BIERYLA: It was Wansacz's
8 office.

9 MR. SEMENZA: Before that it was a
10 bank. There were as many people in the
11 bank. I don't understand. Somebody's
12 trying to put a business to bring people to
13 Old Forge and we're hindering them from
14 doing it.

15 MR. BIERYLA: They let it go dormant
16 for two and a half months, and all the
17 sudden in the next three days they want to
18 open it. I put a work stop order, I said
19 just show me what you're doing, and they
20 didn't come back until yesterday with a set
21 of plans and state approval.

22 MR. SEMENZA: He had go through all
23 the stuff to get all the approvals.

24 MR. BIERYLA: At least before that
25 get some kind of layout of what you're

1 doing. They did nothing. I'm not hindering
2 them.

3 MR. SEMENZA: I know. At the
4 meeting it was misunderstood of what they
5 needed and what they didn't. I was under
6 the assumption, too, that he didn't need any
7 of that. He just needed to have the
8 approval from the state and the liquor
9 control board and stuff like that and then
10 come back to you.

11 MR. BIERLYA: Now that I have the
12 information they might say yes. Now, there
13 might be something with humidistats under
14 the state code for air ventilation or
15 quality of air.

16 MR. SEMENZA: I get that. I didn't
17 understand why BIU has to be involved in
18 something because there's going to be more
19 people in it than the last place. Bill, do
20 you have an understanding on that?

21 ATTY. RINALDI: They're charged with
22 enforcing, and it's a thick book. We adopt
23 the international building code for
24 commercial buildings. So whatever that code
25 says he's enforcing. If you're saying

1 there's a change of use when it goes from
2 office to cigar bar --

3 MR. BIERYLA: Which under the
4 language it becomes mercantile.

5 MR. SEMENZA: So you're saying
6 because of the change of use. Because there
7 could have been 20 people that walked into
8 Wansacz's office, too, at a time. You can't
9 say there wasn't. I just want to see the
10 borough build something, and a lot of people
11 like smoking cigars. I think it would be a
12 nice thing, my opinion.

13 MR. BIERYLA: As soon as he gets
14 back to me I'll have him clarify things now
15 that I have a set of drawings.

16 MR. SEMENZA: Does he have a time
17 frame of when he's going to be able to get
18 over there?

19 MR. BIERYLA: He was in Harrisburg
20 last week. He's back in town.

21 MR. HOOVER: There's got to be a set
22 of regulations he has to go by before he can
23 open. Especially if it's sitting dormant
24 for two years.

25 MR. SEMENZA: But if you're not

1 changing anything structural, that's what we
2 have BIU for. BIU is structural. When we
3 have BIU come and do your house -- you build
4 a house you have to get BIU for permits.
5 Five people in an office or 25 people in
6 there for a cigar bar, I don't see any
7 difference in it. I don't.

8 MR. BIERLYA: All I need is -- they
9 never came in with anything, so really
10 nobody knows anything about them until now
11 with a little drawing and now state
12 approval. Other than that it was dormant
13 for two and a half months.

14 MR. SEMENZA: Okay. Anybody else?
15 If not, at this time the chair is going to
16 entertain an ordinance of the Borough of Old
17 Forge, Lackawanna County, Pennsylvania

19 calendar year 2020 appropriating specific
20 sums estimated to be required for specific
