1           indebtedness of the borough of Old Forge,  
2           Lackawanna County, Pennsylvania by the  
3           issuance of a general obligation note series  
4           of 2020 in the amount of \$2 million to be  
5           authorized and issued by the borough of Old  
6           Forge for the purpose of paying the cost of  
7           the Old Forge Borough Building renovation  
8           project, fixing the form number, date,  
9           interest and maturity of said note, making a  
10          covenant for the payment of the debt service  
11          on the note, providing for the filing of the  
12          required documents with the Department of  
13          Community and Economic Development, provide  
14          for the appointment of a sinking fund  
15          depository for the note, authorizing  
16          execution, sale and delivery of said note,  
17          coveiting that the proceeds of the note shall  
18          not be used in such a manner as to cause the  
19          note to be arbiter status under the federal  
20          tax law provision, making certain  
21          representations and designate the note as a  
22          qualified tax-exempt obligation under  
23          federal tax law provisions, and providing  
24          for the repeal of all inconsistent  
25          ordinances or parts of ordinances.

1                   At this time the chair will call for  
2                   a motion to pass that ordinance.

19 MS. BARTOLETTI: Councilman Notari?

20 MR. NOTARI: Yes.

21 MS. BARTOLETTI: Councilman Rinaldi?

22 MR. RUSSELL RINALDI: Yes. At this  
23 time we'll begin the work session. Welcome,  
24 everyone, to the Tuesday, October 6th. The  
25 purpose of our work session this evening is

1 to set our agenda for our regular meeting on  
2 October 20th. We'll hear from some of our  
3 department heads, we'll hear from our  
4 borough manager, our council members, our  
5 mayor, and anyone from the audience, if  
6 they'd like to speak. I don't see anyone at  
7 this time but we have a sheet, they can sign  
8 in.

9 CHIEF DUBERNAS: I have no sign-in  
10 sheet either.

11 MR. RUSSELL RINALDI: With that  
12 said, we'll start with our engineer.

13 MR. LOPATKA: I submitted my report,  
14 if anyone has any questions on it.

15 MR. RUSSELL RINALDI: Anything  
16 for --

17 MR. LOPATKA: I don't have anything  
18 for the agenda.

19 MR. RUSSELL RINALDI: Anybody have  
20 any questions for Dave?

21 MR. NOTARI: Just some questions on  
22 the report. The storm water issue on 114  
23 Hoover, are we just going to have the inlet  
24 cleaned?

25 MR. LOPATKA: Yeah, we need to get

1 the inlet cleaned out.

2 MR. NOTARI: The one across from the  
3 cemetery.

4 MR. LOPATKA: The other thing is, I  
5 think Joe is going to look at the sewer map  
6 because it looks like that --

7 MR. HOOVER: That's Taroli Street.

8 MR. LOPATKA: I think both of them.  
9 You're going to pull the manhole because it  
10 looks like that particular inlet ties in to  
11 the sanitary system. There's no dedicated  
12 storm system there. So I don't know and I  
13 don't -- I'm not sure if we can actually tie  
14 another inlet in to that system being that  
15 it's a combination system already. If we  
16 can we'd have to contact LLVSA.

17 MR. NOTARI: So the first idea, if  
18 we can, is to put an inlet in front of their  
19 home on that side of the street?

20 MR. LOPATKA: Well, probably two,  
21 because we'd put one on each side of the  
22 street and then tie in to that inlet that's  
23 existing, and if we couldn't do that I'm not  
24 sure what the answer is because basically  
25 everything ties into the combination.

1 MR. NOTARI: And we can't raise the  
2 road in front of their home so it slopes to  
3 the opposite side?

4 MR. LOPATKA: Well, potentially we  
5 could. We'd have to come in there and do  
6 some paving to do that. That's, really,  
7 probably the only solution if we can't put  
8 an inlet in there, is to somehow regrade the  
9 road.

10 MR. HOOVER: Hoover Street -- and  
11 Taroli Street's the same way?

12 MR. LOPATKA: Taroli Street, we  
13 looked in those inlets, and both of those  
14 inlets have a hood on them, which typically  
15 is an indicator that they're tied in to the  
16 sanitary system because they don't want to  
17 get debris in there. There was no outlet to  
18 those pipes other than something coming back  
19 in towards the street. So they also look  
20 like they're tied in to the sanitary system.

21 Again, I mean, the issue there is, I  
22 mean, he's in a low spot on Taroli Street,  
23 and to get water -- the water has to go, I  
24 think, like 170 feet or something like that  
25 just to get to that inlet. If you can do

1           that you'd probably have to get in to the  
2           same thing, two inlets and then tie into  
3           that system, or the only other option -- and  
4           I don't know if they'll allow you to do  
5           it -- is to put an inlet there and tie that  
6           in to the combination system. But they're  
7           trying to get water out of the system, the  
8           combination system, and not put additional  
9           water into them. So I don't know if we can  
10          tie in to it or not. I know Scranton's a  
11          little different. Once we find out where  
12          they go, then we may have to have a  
13          discussion with LLVSA and see if we can tie  
14          in to it. It doesn't appear to me like it's  
15          dedicated storm water there.

16                 MR. HOOVER: He's not going to go  
17                 away. The little bit of rain we got he  
18                 called me.

19                 MR. LOPATKA: At this point I'm not  
20                 sure what the answer is if we can't tie in  
21                 to them because there's no storm system  
22                 there that we can kind of reroute it to.

23                 MR. HOOVER: Can Jamie do something  
24                 with the road?

25                 MR. LOPATKA: You'd probably have to

1           remove the crown out of the road to get the  
2           water to flow to the other side so it gets  
3           down to those inlets. Ultimately you'd be  
4           tying it in one way or the other. You're  
5           going to be directing it to the inlets to  
6           tie in to that. That probably isn't a big  
7           deal. I don't know if they'll let you add  
8           additional inlets to tie in to it.

9                     MR. FEBBO: What you're saying is  
10           there's no storm water outlet there.  
11           Everything is Lower Lackawanna?

12                    MR. LOPATKA: To me it looks like  
13           it's sanitary. That's typically the way  
14           that they would tie in to a sanitary system.

15                    MR. FEBBO: No matter which way we  
16           pitch the road you're still going to go --

17                    MR. LOPATKA: It's still going to go  
18           in there. It may not affect them because  
19           it's going there now anyway. I just don't  
20           know if they'll let you add another inlet  
21           and tap another pipe into their system. If  
22           they don't, then the only fix would be to  
23           somehow regrade the road so the water all  
24           gets to that inlet.

25                    MR. FEBBO: Where does that pipe

1           that's on Morton Street follow that we did  
2           last year in Crossin's yard? Where does  
3           that originate?

4                     MR. PAPI: It originates at the top  
5           of Morton Street and it goes right by my  
6           house. It goes in front of my house and  
7           then turns right and goes alongside of my  
8           house and then turns left in an alley, then  
9           it turns right in an alley behind Marlon  
10          Salerno's house, and then it turns left and  
11          goes all the way down to Joe McAndrew's.

12                    MR. FEBBO: Is there any way of  
13          tapping from Hoover Street into that system?

14                    MR. PAPI: You'd have to get an  
15          easement through somebody's yard, but sure.  
16          It's not that far.

17                    MR. FEBBO: That might be the only  
18          solution that we have.

19                    MR. PAPI: We own property there.  
20          The storm drains on Morton Street, we only  
21          have two, I think, and they're tied in to  
22          it.

23                    MR. FEBBO: We have no storm water  
24          drains in that whole valley?

25                    MR. PAPI: On Taroli Street?

1 MR. FEBBO: Taroli, Orchard and  
2 Morton.

3 MR. PAPI: I don't think there's any  
4 on Orchard Street. There's no designated  
5 storm line going down there at all.

6 MR. FEBBO: No matter which way we  
7 look at it, there's no way of solving that.

8 MR. PAPI: Is the water going into  
9 his garage?

10 MR. HOOVER: Yes. He's right at the  
11 bottom, both ends. He raised his curb up a  
12 little bit and redid his driveway last year.

13 MR. LOPATKA: The only thing we can  
14 do is we can look to see --

15 MR. HOOVER: It doesn't go over the  
16 hump to go down the street to get to  
17 Fumanti's. That's where the next catch  
18 basin is. It lays in front of his yard, and  
19 when you get enough of it, it goes over the  
20 curb and down his driveway. His driveway is  
21 pitched down and it goes in his basement.

22 MR. NOTARI: Was this a problem  
23 before?

24 MR. HOOVER: I don't know if we did  
25 something for it or he spent \$3,000 to fix

1 it. He said I fixed it, now it's worse.

2 MR. PAPI: I don't remember us doing  
3 anything.

4 MR. HOOVER: Maybe he did something.  
5 Maybe he put a pump in there. But I don't  
6 want the borough to get blamed because we  
7 paved -- the water company paved the road.  
8 We didn't do nothing to the road.

9 MR. LOPATKA: They milled and  
10 overlaid. It didn't change the  
11 characteristics of the road.

12 MR. HOOVER: We didn't change the  
13 profile of the road, no, but in his eyes we  
14 did because now there's water laying in  
15 front of his driveway.

16 MR. LOPATKA: You'd have to fine  
17 tune a survey to see exactly where the low  
18 spots are and if you can get it out of  
19 there. If you change the pitch and get rid  
20 of the crown and brought it over to the  
21 other side of the road. If we can actually  
22 get all that water to that inlet.

23 MR. PAPI: From that manhole that's  
24 on Taroli Street, at the bottom of the hill,  
25 from that manhole all the way going up the

1 other side, we changed all that pipe. It's  
2 all new plastic. We shouldn't have any  
3 problems there at all with our sewer.

4 MR. LOPATKA: It's whether or not  
5 you can tie in to it. You have to talk to  
6 LLVSA. Once Joe finds out if it's sanitary,  
7 then we can contact LLVSA and see what  
8 they'll allow us to do. That's both  
9 streets, Hoover and Taroli.

10 MR. LENCESKI: I contacted Mike  
11 Ford. He's coming Thursday, Friday to clean  
12 out those storm inlets.

13 MR. RUSSELL RINALDI: Any other  
14 questions?

15 MR. NOTARI: Dave, the elevator bid  
16 openings go okay Monday?

17 MR. LOPATKA: It went okay. I'm  
18 waiting for Picotti to send me the bid  
19 results. All indications are it's the same  
20 company we have doing the borough building.  
21 So I'm waiting to get the actual bid  
22 numbers.

23 MR. NOTARI: How about the ambulance  
24 building?

25 MR. LOPATKA: The ambulance building

1 is poured. I stopped over there today with  
2 Joe and now we have 11 foot-ten. Eleven-six  
3 was the number that they said we needed to  
4 hit.

5 MR. NOTARI: Are they going to move  
6 in this week?

7 MS. BARTOLETTI: Well, I asked if we  
8 can have an executive after the meeting is  
9 over in regard to that because they haven't  
10 moved anything yet.

11 MR. LOPATKA: Just as a note, I did  
12 talk to the contractor. They're actually  
13 meeting with their subs on site on Thursday  
14 for the borough building project. So by  
15 Monday of next week they should be  
16 mobilizing and getting ready to go.

17 MR. HOOVER: I don't know if anybody  
18 saw, Dave and Marylynn and the rest of you,  
19 the transformation of the borough building  
20 since they moved everything around.

21 MR. PAPI: That girl over there  
22 impressed me so much last week. She had an  
23 answer for everything.

24 MS. BARTOLETTI: Everybody did their  
25 part. It was a pain in the neck, but it's

1 done.

2 MR. RUSSELL RINALDI: Anything else?

3 MR. LETTIERI: Dave, the Levan  
4 property. On your report there's a  
5 recommendation for a fix. Are we fixing  
6 that or is that just a recommendation? Do  
7 we have to vote on that?

8 MR. LOPATKA: I can get a price, at  
9 least, just so you'd know what it would  
10 cost. We kind of came up with a fix. I'll  
11 need to get somebody out there to get me a  
12 real cost.

13 The other thing is, his neighbor,  
14 technically we would have to do work in his  
15 neighbor's driveway. I don't know who the  
16 neighbor is.

17 MR. NOTARI: Mark Carey.

18 MR. LOPATKA: Where that water goes  
19 onto his property there's kind of a low  
20 spot. Right in the corner of that other  
21 driveway. It would kind of have to be  
22 raised up and we'd have to kind of wrap a  
23 curb around it into that other guy's  
24 driveway, technically, to divert the water  
25 back into the road.

1 I'll get a price from someone to do  
2 the fix, but then we'd have to coordinate  
3 with, I would assume, that neighbor because  
4 we're going to end up having to cut a small  
5 section of his driveway.

6 MR. RUSSELL RINALDI: Anything else  
7 for Dave? Dave, anything else for us?

8 MR. LOPATKA: No.

9 MR. RUSSELL RINALDI: Thank you.  
10 Paul Papi?

11 MR. PAPI: I don't have anything. I  
12 have a meeting next Tuesday, here, and the  
13 planning commission is going to meet here on  
14 Tuesday. I don't think they have anything  
15 that's going to need a vote from council,  
16 but if there is I'll let you know early.

17 MR. FEBBO: Paul, after I spoke with  
18 you today I got two of the neighbors that  
19 called me on that Sopp place. How about  
20 dealing with that immediately.

21 MR. PAPI: I already did. I talked  
22 to a guy I know who knows the son who works  
23 at Julia's. I went to talk to him and  
24 they're not there until Wednesday. I don't  
25 have any contact number and I don't have his

1 name, but I'll get everything as soon as I  
2 can. His mom and dad owned it and they both  
3 passed away. It's been that way for the 15  
4 years I'm here.

5 MR. FEBBO: Shame on us.

6 MR. NOTARI: If you don't get  
7 anywhere with Matt I'll get you the phone  
8 number of the oldest son. He's a doctor who  
9 lives down in Philadelphia.

10 MR. PAPI: I'm going to try and get  
11 in touch with Matt tomorrow.

12 MR. HOOVER: Oak and Albion, what  
13 did you find over there? Tires.

14 MR. PAPI: He got rid of them.

15 MR. HOOVER: How about the wood in  
16 the back?

17 MR. PAPI: He's going to get rid of  
18 that, too.

19 MR. HOOVER: One of those guys live  
20 in that mobile home.

21 MR. PAPI: It was hooked up to  
22 water. Somebody said that six months, eight  
23 months ago, when I was the street  
24 commissioner, and I asked him about that and  
25 he said no, he doesn't live there. But I

1 don't know if I believe him or not.

2 CHIEF DUBERNAS: Me and Steve went  
3 there a few times because he used to have a  
4 sewer line hooked right to the sewer line on  
5 the side of the building. He used to run  
6 the hose from the RV right into --

7 MR. HOOVER: He does have a hose  
8 running from his building into the RV. He  
9 also has a small plastic toilet underneath  
10 the front door, to the left. I don't know  
11 if he uses it, but it's disgusting if he  
12 does. It's outside this mobile home.

13 CHIEF DUBERNAS: Most of the cars  
14 are gone out of there, too.

15 MR. PAPI: I told him to clean up  
16 everything. He's workable.

17 MR. RUSSELL RINALDI: Any other  
18 questions for Paul? Anything else for us,  
19 Paul?

20 MR. PAPI: No.

21 MR. RUSSELL RINALDI: Thank you.  
22 Joe Lenceski, street commissioner?

23 MR. LENCESKI: We started at  
24 Levan's, went down to Taroli today, then  
25 went to Fallon and looked at the crown in

1 the road. That's all.

2 MR. LOPATKA: That was in my report.

3 MR. LENCESKI: Get the water company  
4 to mill more of the center out of it.

5 MR. LOPATKA: To me it looks like  
6 over the years they probably edge milled it  
7 and then paved it and it keeps building up.  
8 The crown is probably a good foot from the  
9 gutter. Maybe half of that block, right in  
10 the middle, maybe most of the block. It  
11 looks like it was built up over time. Out  
12 of that center you probably need -- I would  
13 start at zero and go to four, five inches  
14 and kind of taper that crown out.

15 MR. FEBBO: Core drill it.

16 MR. LOPATKA: You have to pay  
17 somebody to do that. We can get that done.

18 MR. LENCESKI: Would I be able to go  
19 up there with a Hilti and drill it?

20 MR. LOPATKA: You kind of want to  
21 take out what you're drilling.

22 MR. LENCESKI: That was blacktopped  
23 maybe 2018, that road. It's going to take a  
24 little bit for me to free that manhole.  
25 That's on Hoover.

1 MR. RUSSEL RINALDI: That was the  
2 last paving project, that road. Anything  
3 else for Joe? Thanks, Joe. Chief?

4 CHIEF DUBERNAS: I have nothing  
5 except for tomorrow and Thursday and then  
6 two days next week the alleyway by Dooley's  
7 facing CVS is going to be closed for a  
8 couple hours each day. They're going to  
9 power wash the building and repaint it.  
10 They have to set their ladders up.

11 MR. RUSSELL RINALDI: Anybody have  
12 any questions for the chief?

13 MS. AVVISATO: Chief, there is a fox  
14 on Morton Street. What do we do?

15 CHIEF DUBERNAS: Call the game  
16 commission. If you see it we can try to  
17 dispatched it.

18 MS. AVVISATO: It's out in the day.  
19 I heard it has rabies if it's out in the day  
20 like that.

21 MR. PAPI: You'd know if it had  
22 rabies.

23 MR. RUSSELL RINALDI: Bill,  
24 solicitor's report.

25 ATTY. RINALDI: I gave the map to

1 Dave to start the survey on the school  
2 district property.

3 MR. RUSSELL RINALDI: Any questions  
4 for Bill?

5 MR. HOOVER: Closing arguments done  
6 yet?

7 ATTY. RINALDI: It will be in on  
8 Friday, my stuff.

9 MR. PAPI: Bill, I called Donna  
10 today and left her a message.

11 ATTY. RINALDI: I did speak to her  
12 about it. It's going to sheriff's sale.

13 MR. PAPI: We're talking about the  
14 Scott family on Wyalusing. Donna, the one  
15 we went to court with.

16 ATTY. RINALDI: I thought you were  
17 talking about Doreen Graziano. Yeah, I saw  
18 the brother today, actually, and they're  
19 working on it.

20 MR. FEBBO: What does working on it  
21 mean? This is five years now.

22 ATTY. RINALDI: They have 60 days to  
23 do it.

24 MR. NOTARY: Is this the property  
25 with all the junk?

1 MR. FEBBO: Yes. Five and a half  
2 years.

3 MR. PAPI: Fifteen years that I'm  
4 here it's been that way.

5 ATTY. RINALDI: The judge fined him.

6 MR. PAPI: Right, \$600 and \$10 a  
7 day.

8 ATTY. RINALDI: That's what the fine  
9 is under our ordinance.

10 MR. PAPI: I guess we can go back in  
11 two months. I'll take pictures before we  
12 go.

13 MAYOR LEGG: Paul, did Jeff Kardos  
14 ever clean up his place on Maple Street?

15 MR. PAPI: I don't believe so.  
16 Steve had that all set up to go to court.

17 MR. FEBBO: We went to court with  
18 that. Didn't they say that there's no  
19 hearings going on?

20 MR. PAPI: There wasn't any hearings  
21 going on from the Pandemic. The cases are  
22 starting now but they're backed up.

23 MR. FEBBO: He has a couple places.

24 ATTY. RINALDI: That's the guy with  
25 all the electrical stuff floating around in

1 his yard? I think Steve had gone to see him  
2 once.

3 MR. FEBBO: We did. I was with  
4 Steve. But he was supposed to take him to  
5 the magistrate.

6 ATTY. RINALDI: I didn't hear  
7 anything after Steve looked at it, so I  
8 don't know. If he decided to, that would  
9 have been his call or, now, Paul's call.

10 MR. FEBBO: Will you follow up on  
11 that, Paul?

12 MR. PAPI: Yes.

13 MR. RUSSELL RINALDI: Anything else,  
14 Bill?

15 ATTY. RINALDI: No, that's it.

16 MR. RUSSELL RINALDI: Marylynn?

17 MS. BARTOLETTI: Well, I don't have  
18 anything right now for the agenda, so if  
19 anybody has any questions for me on  
20 anything.

21 MR. NOTARI: Mare, have you looked  
22 at setting up a finance meeting yet?

23 MS. BARTOLETTI: I need to get a  
24 little more organized first. The computers  
25 got re-hooked up yesterday and our phones

1                   were a little messed up. They're fixed now.  
2                   Maybe by Monday we'll be able to set it up.

3                   MR. RUSSELL RINALDI: Mare, you  
4                   asked for an executive after?

5                   MS. BARTOLETTI: Yes.

6                   MR. RUSSELL RINALDI: Anyone else  
7                   have any questions for Marylynn? Thanks,  
8                   Mare. We'll go down the table. Mayor,  
9                   anything?

10                  MAYOR LEGG: I'd just like to  
11                  reiterate what's already been said. I think  
12                  the chief, Paul, Joe and Marylynn, I think  
13                  they did a fabulous job. I go over just  
14                  about every day, and the change from day to  
15                  day is very noticeable. I saw Marylynn  
16                  yesterday. I thought she was going to keel  
17                  over. Fantastic job.

18                  I had a couple issues the last  
19                  couple weeks, and I got to tell you our  
20                  zoning officer and our DPW head, they do a  
21                  fantastic job. You don't know how much I  
22                  appreciate the job you guys do because I get  
23                  these calls, and then if things aren't  
24                  corrected, usually the next day, I get a  
25                  call, and I'll go see Paul and the next day

1           it's taken care of. The same thing with  
2           Joe. Chief, you did a good job Saturday,  
3           you and the boys, with the boxing thing.  
4           The barriers were up very early. Great job.  
5           That's all.

6                     MR. FEBBO: Nothing.

7                     MR. NOTARI: I would just like to  
8           pass along thanks to the police department,  
9           chief and the borough council for your  
10          cooperation with the fund-raiser for Stack  
11          on Sunday. Highly successful. I know the  
12          committee is very appreciative and I know  
13          Ronnie's very appreciative as well. So  
14          thank you.

15                    MR. LETTIERI: The only thing I  
16          have, I want to bring up again with the  
17          kudos, they wanted to do the plaque for Rick  
18          Melucci. Did we move forward on that or  
19          decide on that? Could we decide on what  
20          we're going to do?

21                    MS. BARTOLETTI: I think what we had  
22          discussed was it wasn't just going to be for  
23          Rick, that it was going to be for the main  
24          people who were so involved in the beginning  
25          and who are still involved. I'll get some

1 names put together.

2 MAYOR LEGG: I saw Rick and John,  
3 and John was kind of pressing this with  
4 Rick. I said John, it's not right. You  
5 started the whole thing, you got me  
6 involved. Well, Rick has been doing this,  
7 hanging signs, and I said so are you. When  
8 you start singling out one person over  
9 another it always leads to problems. I  
10 don't really know what to do. I don't know.

11 MS. BARTOLETTI: Some of them don't  
12 want to be involved anymore, but the fact  
13 that now we're 350 signs and they were all  
14 so involved in that. I think we take that  
15 little group of guys and do it across the  
16 board.

17 MAYOR LEGG: The ones that are  
18 starting to get faded, they're going to ask  
19 the people if they would like to renew it  
20 for a lower price. They had some things in  
21 the works. They're not letting this die.  
22 This is going to continue. I think all  
23 those people did a real good job.

24 MR. FEBBO: Recognize the people  
25 that originated it and stay with that.

1 MS. AVVISATO: I have nothing.

2 Thank you.

3 MR. HOOVER: I have nothing.

4 MR. RUSSELL RINALDI: I have nothing  
5 as well. Marylynn asked for the executive.  
6 We'll have that afterwards. We don't have  
7 anyone from the public.

8 If there's nothing else, the chair  
9 would entertain a motion to adjourn.

10 MR. HOOVER: I'll make that motion.

11 MR. NOTARI: I'll second.

12 MR. RUSSEL RINALDI: Motion by  
13 Councilman Hoover, seconded by Councilman  
14 Notari. All in favor?

15 (Unanimous. Meeting adjourned.)
