FOR IMMEDIATE RELEASE

Old Forge Borough Announces Municipal Road Paving and Infrastructure Project

Old Forge Borough is pleased to announce the 2026 Road Paving and Infrastructure project to improve roadway conditions, enhance public safety, and extend the life of local transportation infrastructure.

The project will include paving work on15 designated municipal streets. Work is scheduled to begin on October 22 and is expected to be completed by the middle of November, weather and other conditions permitting.

Maintaining our roadways is an important part of providing safe, reliable infrastructure for our residents, businesses and visitors. This paving project represents our continued commitment to sustaining Borough Streets and investing in the long-term condition of the Community.

The total estimated cost of the project is **$1,670,000** and will be completed by American Asphalt.

Residents are encouraged to follow any temporary parking restrictions and comply with instructions provided by construction crews. Advance notice of specific paving dates and any anticipated access restrictions will be provided as information becomes available.
